

New School Open House Set for Sunday

Concerts Drive Begins Tuesday

A five-day campaign for members of the Canyon Community Concert Association will begin Tuesday.

The association, a non-profit group, will present a minimum of three concerts during the year. In addition, the group proposes to cultivate an interest in good music in Canyon and the surrounding area, provide an opportunity to hear good music and to foster and encourage appreciation of music.

Anyone who lives in the area may become a member by paying dues of \$6 for adults and \$3 for students.

The association will not select the artists for the year's concerts until the membership campaign is completed, and the amount of money available is known. After the memberships are sold, the attractions to appear for the Community Concert series will be selected by an artists committee.

If enough money is available, more than three concerts will be presented.

Only those becoming members will be entitled to attend the concerts. No single admission tickets to the concerts will be sold, however the season ticket will be transferable.

The association was formed by local citizens who felt the need for good music in Canyon.

Membership salesmen plan to contact everyone in Canyon during the drive.

Headquarters for the drive will be the Ex-Students Association's office in the Student Union Building at the college. Memberships may be purchased by calling 5-3138.

Free Polio Shots Available in County

Polio vaccine left over from the serum allocated to Randall County for first and second graders will be given to children of the county free of charge, Dr. R. P. Jarrett, county health officer, announced this week.

The serum was originally scheduled to be returned to the state health department, but was released to the county. Dr. Jarrett said the serum goes out of date on Oct. 1, and shots must be given before that time.

The shots will be given on a first-come, first-served basis, he said.

Umbarger Votes New High School

Voters in the Umbarger Common School District voted 49 to 2 in favor of issuing \$30,000 worth of bonds to build a new high school in an election Monday.

Plans for the school call for a typing-library combination room, two classrooms and a sewing room. Raymond Batenhorst, president of the board of trustees, said construction on the brick building will begin immediately.

Car Rolls Into Palo Duro Canyon

A 1954-model car belonging to Harold Wayne Bulkley, 22, of Amarillo, rolled off into Palo Duro Canyon about noon Tuesday.

Bulkley said he and his sister-in-law, Mrs. Bob Bulkley, of Amarillo, and her two children had stopped the car east of the lodge and had walked about 30 feet away to look over the rim of the canyon.

He said he pulled the emergency brake on when he got out, but said he "happened to look around and it was rolling."

"I rushed over to try and stop it, but it was too late," he said.

The car dropped about 50 feet down, rolling several times on the way down. It went off back first.

The accident was investigated by Sheriff L. S. Johnston and deputies.

Budget Hearing Set October 10

A public hearing on the Randall County Budget for 1956 is scheduled for Oct. 10, County Judge Roy Joe Stevens announced yesterday.

The budget, which calls for an expenditure of \$435,531.25, was approved by the commissioners on Aug. 16. It was prepared by County Auditor E. T. Cummings.

It is larger by almost \$52,000 than the 1955 budget, but the new budget provides for payments on the expressway right of way bonds.

The hearing will begin at 10 a. m. in the commissioners' courtroom.

B Team Beats Muleshoe, Too

The Canyon High Eagles are not the only football team that beat Muleshoe last week.

The B squad, coached by Johnny Ussery, downed the Muleshoe B team 7-0.

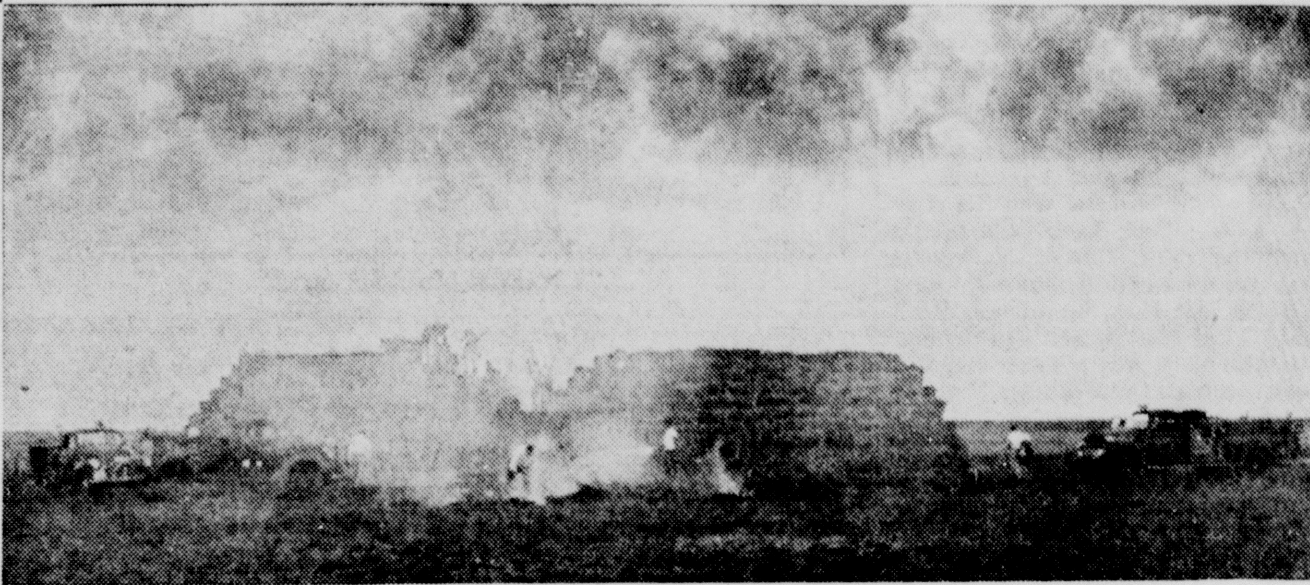

The squad faces Borger High C team at 3:30 p. m. Thursday at the high school.

Last week's score was made by Craig Hinger, who carried over from the 6 after the ball was moved 75 yards in 17 plays following the kickoff.

The B team threatened twice more. The ball was on the Muleshoe two at halftime and on the Muleshoe six at the end of the game.

Doll Urry and Ernie Urry of Nakusp, B. C., Canada, visited with the J. J. Walkers Sunday through Wednesday. On Tuesday they toured Boys Ranch.

Fire Department at Work

Three truckloads of the Canyon Fire Department put out the blaze in Jim Bible's haystack about 12 miles from Canyon last Friday afternoon. The fire apparently was started by lightning.

New Grand Jury Indicts Duncan

The September term of the Randall County Grand Jury, empaneled Monday, returned an indictment charging A. B. Duncan, longtime county abstractor, with filing a forged deed.

The grand jury called news reporters into the meeting room after the indictment was returned, and issued a statement designed to stop rumors which have spread over Canyon. "There's been a lot of loose talk, and the grand jury wants to stop it," Dist. Atty. A. W. Lair said.

The statement said, "After thorough investigation, we find that no one else was involved in the case except the person indicted (Duncan)."

Duncan is accused of filing a deed to lots 3 and 4, block 28, Normal Addition, Canyon, which transferred title from H. James to C. M. Collier. The deed is alleged to be forged, and Duncan is alleged to have known it was forged at the time it was filed.

Duncan was arrested on a complaint filed by County Judge Roy Joe Stevens on Aug. 27. The case was presented to the grand jury Monday by Dist. Atty. Lair.

Members of the grand jury are Newton Crain, Paul Lindsey and F. M. Hacker, all of Canyon; Si G. Elliott and Travis W. Payne, both of Rt. 2, Happy; F. D. Ferguson, Rt. 4, Amarillo; Leo Zimmerman, Bushland; Charles SoRelle, Rt. 1, Claude; James I. Fletcher, Rt. 2, Amarillo; and Ted Lokey, Robert F. Zelsman, Ross M. Harp and R. C. Vincent, all of Amarillo.

Homecoming Plans Call for Class Reunion, Teas, Parade, Food, Game

Homecoming for ex-students of West Texas State College has been set Oct. 22, when annual festivities will again draw thousands of West Texans back to the campus.

A program of events has been drawn, and preparations are already under way.

Among top features for the silver anniversary reunion of reunion of the Class of 1930, which will receive special recognition and honor.

Schedule opens at 8 a. m. with registration in the Administration

Building, and a general assembly, climaxed with the crowning of WT's Homecoming Queen, will be at 10:45 a. m.

From noon until 3:30 p. m., campus organizations and clubs will honor exes at teas, smokers and parties.

The big parade through Canyon is at 4 p. m., and the barbecue, which last year drew nearly 3,000 persons, is to be at 5:30 p. m.

Football attraction at 8 p. m. in Buffalo Stadium will pit the Buffs against arch rivals, the Hardin-Simmons Cowboys.

A dance following the game will close the Homecoming celebration. "Western Days," when cowboy attire is in vogue on the campus, will be opened Oct. 19 and continue through the 21st. Students will have a western dance and their traditional Homecoming Assembly on Oct. 20, and a bonfire and pep rally on Oct. 21.

Over the county, amounts varied from more than two inches down to a quarter inch, reports show.

Some farmers said the rain appeared to be general in the county, but some places had good rain, while others a mile or so away had showers.

One farmer said he had 160 inches at his house, but on the back side of his place there was only a quarter of an inch.

Vincent is foreman.

Members of the jury commission which selected the grand jury are Clarence E. Thompson, Neil Braboy and Jozach Byrd.

Patrons Invited to Inspect System's Elementary Building in Afternoon

Canyon's new elementary school will have its first public inspection Sunday at an open house from 3 p. m. to 5 p. m. The building, completed last spring, was put into use this fall with the opening of school, but the open house Sunday will be the first showing to the public.

Twirling Clinic Planned at WT

The second annual twirling clinic and festival for Panhandle twirlers is slated Saturday on the West Texas State College campus.

Bob Roberts, famed Los Angeles twirling instructor, will direct the clinic.

Opening at 10:30 a. m., the schedule will include sessions in contest rudiments, ensemble routines, tricks, showmanship, and strutting. A competition will be held in the afternoon to select the three best solo performers and the two best ensembles.

Winning soloists and ensembles will be presented during the half-time show of the WTSC-Midwestern football game Saturday night, and the champion soloist and ensemble will be presented medals and trophies.

Cost for the day's activity will be \$1, according to M. J. Newman, head of the WT music department, and reservations may be made with Newman.

Roberts, who was the principal baton teacher of the Gunnison Music Camp, was one of the 1955 instructors at the West Texas Music Camp, held in August here.

He will fly from Los Angeles for the clinic. The clinic is sponsored by the WT Buffalo Band.

Olympic Theater Reopens Friday

The Olympic Theater will reopen Friday night for weekend runs throughout the winter, Charles Donnell announced this week.

The first picture scheduled for the theater is "The Girl Rush," starring Rosiland Russell.

New CinemaScope equipment is to be installed in the Olympic, Donnell said. He said other equipment needed to show the various new types of filming processes has been purchased for the theater.

Donnell said the new processes have resulted in fewer pictures being made. In addition, the high cost of equipment has prohibited installing the equipment in every theater.

He also announced that CinemaScope equipment may be installed at the Canyon Drive-In theater in the near future.

Donnell said that Canyon has more first run movies per week than Amarillo, because of the method of booking. In Amarillo first-run theaters, a movie is booked for a week, while in Canyon three and four are booked each week.

Patrons who visit will have the run of the building, with school board members and teachers on hand to answer questions and conduct tours. A drawing of the floor plan will be posted near the entrance to help those who wish to see the room used by their children.

Pamphlets giving data about the new building and about the school system will be handed out to visitors also.

Refreshments will be served in the cafeteria, which will be decorated with autumn colors, flowers and fruits. Cakes which will be served were made by the high school home economics cooking classes.

Principal Rex Reeves said the open house is to be a showing of the building, not of school work. "The rooms will be just like we left them Friday. Some children's work might be delayed, but it will be work that was on display, anyway."

"We plan to have a display of work next spring. This is to be a showing of the building, itself," he said.

On the planning committee for the open house were Supt. Joe Gibson, Reeves, Mrs. A. B. Holt, Mrs. Mitchell Jones, Sarah Thompson, Mrs. Elmer Perkins, Mrs. Lee Reeves, Mrs. Cortez Dowlen and Mrs. Charles Harter.

Each teacher will be stationed in her room to receive guests, and in many cases will be assisted by a room mother.

On the hospitality committee for the open house will be Mrs. R. P. Jarrett Jr., Mrs. Clark Jarnigan, Mrs. Avert Lair, Mrs. Lynn Hulsey, Mrs. M. R. Calliham, Mrs. E. C. Robinson, Mrs. Donald Olson, Mrs. Charles Nester and Mrs. Jerry Newman.

Mrs. Roy Byrd Jr., Mrs. Robert Bellah, Mrs. Clark, Mrs. Tom Langston, Mrs. C. Petruccione, Mrs. Donald Enlow, Mrs. Leonard Britt, Mrs. Charles Gerald, Mrs. James Jennings, Mrs. Bill Sternberger, Mrs. Glen Burrell, Mrs. Sherman Blasdel, Mrs. Meredith Warren, Mrs. Delbert Lowes and Mrs. J. B. Roberts.

Mrs. Elton Hill, Mrs. A. K. Goodman, Mrs. Zula Usery, W. L. Fonti, Mrs. R. D. Wheelock, Mrs. Betty Howard, Mrs. L. M. Cousins, Mrs. S. P. Burgess, Mrs. Joe Black and Mrs. Charles Harter.

Serving the refreshments will be Mrs. Joe Gibson, Mrs. Jack Haley, Mrs. W. R. Crow, Mrs. Newton Crain, Mrs. Walter Graham, Mrs. Rex Reeves, Mrs. James E. Miller and Mrs. Otis Parker.

Eagles Look for Third Victory Friday

The Canyon High Eagles will take the field in search of their third win of the season against Tulia Friday at 8 p. m. in Buffalo Stadium.

Fresh from their 52-0 massacre of the Muleshoe Mules last week, the Eagles are in good shape for the Tulia game, Coach Guy Harrison said yesterday.

"We feel we've got a pretty good defense," the coach said. "We're pleased too that our passing had a good workout and got running."

The Eagles attempted 15 passes, completing seven for 140 yards against Muleshoe. As for

defense, the Canyon opponents in the first three games have made only 17 first downs to the Eagles' 57.

The coach said freshman fullback Eddie Boydston has been promoted from the B squad to the A squad. Boydston, 6 feet tall and weighing 170 pounds, is battling with Bobby Phillips, 5 foot 9, 150-pound senior, for starting position.

Don Britain, starting fullback in the first three games, has been shifted to halfback, the coach said.

Tulia has lost all three of their games. Memphis beat the team 19-6, Abernathy 45-6, and Here-

ford 46-0.

The Tulia line averages 172 pounds to 182 for the Eagles. Their backfield averages 152 to Canyon's 164.

The Eagle-Mule game was a complete runaway from the beginning. After the kickoff, Mule back G. R. Howell ran one play then fumbled on the Muleshoe 16 with only 57 seconds gone in the game.

The Eagles drove from there to a touchdown in four plays with only 2:37 gone in the first quarter. Garland Ruthart carried for one yard, Harlie Adams for eight, Charles Neblett for four and Adams ran three more for the score.

Neblett's extra point try was no good.

The Mules took the kickoff and made 11 yards, including the first of their three first downs, before kicking to the Canyon 41.

Eleven plays and 53 yards later, Adams scooted around left end for the second touchdown of the night. Neblett's point try was good, leaving the score 13-0 with only 9:28 gone in the game.

The Mules took the next kickoff, ran three plays for one yard, then kicked to the Canyon 25. Neblett ran back to the 33, threw a pass to Don Britain that went 58 yards to the Muleshoe 10 only to be called back, then threw another good for 22 yards to Leonard Miller.

The teams switched ends as the quarter changed, and another touchdown drive was started from the Canyon 40.

Adams made eight yards, Britain two, Adams three, Neblett passed to Hubert Green for five, Britain made three, Adams nine, Roland O'Donald seven, Neblett 21, O'Donald one, Adams four,

then four more, then Neblett two.

Adams ran over from the three for the third score, but Neblett failed to convert. The score was 19-0 with 6:32 left to play in the second quarter.

On the next kickoff, Muleshoe fumbled on their own 32 and another Eagle touchdown drive was set off after Miller recovered the ball.

Neblett attempted a pass to Adams, O'Donald ran for 10, Neblett threw to Adams for 14, Britain made four, Neblett one, then Neblett plunged over for the score from the one.

His point attempt was good, and the score was 26-0 with 3:52 left before halftime.

After the half, Muleshoe kicked off and Arthur Pruett ran back to the 37. Adams made a beautiful 67-yard run to the Muleshoe six and Britain made the other six yards for the fifth score.

Neblett's extra point was good again, making the score 33-0. It took only 36 seconds after the kickoff to make the touchdown.

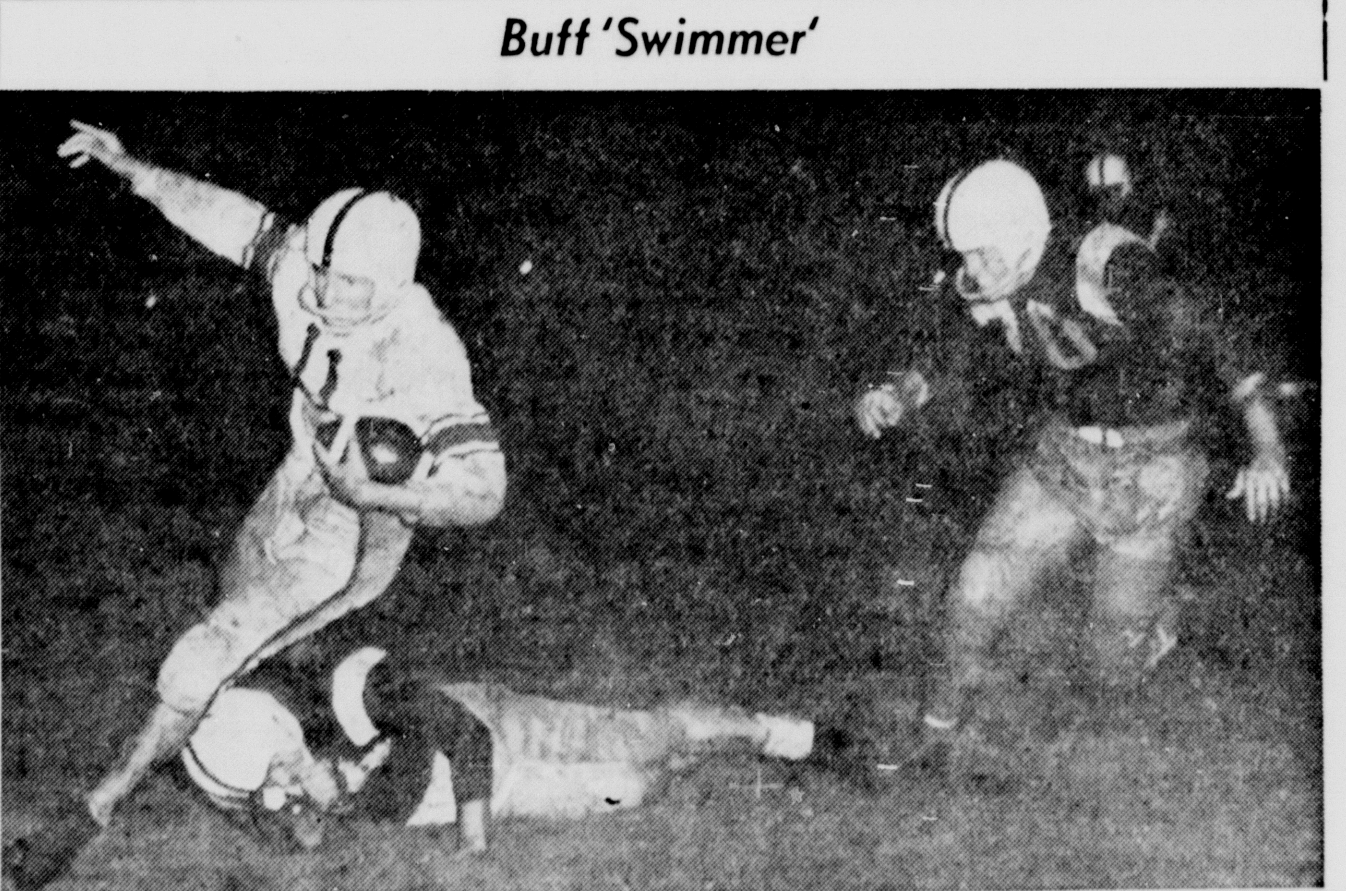

The Mules got a chance to try three plays before kicking, and the Eagles started for the goal line again from their own 20.

Neblett made 10 yards, Adams eight, Britain six, Neblett threw to Miller for 25 yards, Britain made 22, Adams two, Neblett eight and Adams took the ball over from the four.

Neblett failed to convert again. The score, with 6:31 left in the third quarter, was 39-0.

Muleshoe tried three more plays, kicked to their own 47 and the Eagles started again.

Neblett lost eight yards, threw two incomplete passes then con-

Buffalo halfback Joe Walden "swims" with the ball early in the WT-McMurry game Saturday. The Buffs won the game 6-0 in the rain.

Buff's Slog to 6-0 Win in Rain; Face Midwestern Here Saturday

A brilliant 45-yard run early in the fourth quarter by quarterback Bubba Hillman gave West Texas State a 6-0 win over McMurry College in a mud-splattered football game Saturday night at Buffalo Stadium.

It was the Buffaloes' second straight success of the young season.

Coach Frank Kimbrough's charges will go after their third straight Saturday night against Midwestern University in Buffalo Stadium. Kick-off time is 8 o'clock.

A steady drizzle and mud-covered field hampered the of-

fenses of both clubs last week and a scoreless tie loomed until Hillman broke the game wide open.

The 180-pound junior quarterback, unable to utilize his talented throwing arm, was the big spark in the Herd's running attack. In the first quarter, he broke away for a 46-yard scamper before being pulled down on the McMurry 31.

The run ignited a drive that carried to the Indian four-yard line at the close of the first period. However, on fourth down and the first play of the second quar-

ter, Hillman lost five on a keeper and the visitors took over on downs.

Hillman gained 88 yards net rushing against the big McMurry line despite the fact he suffered several losses trying to get off passes.

McMurry, losing its first decision in two starts, didn't offer a serious scoring threat until the last four minutes of the game.

The Indians, sparked by a 17-yard pass from quarterback Bob Hayworth to halfback Buddy Fornes, moved to the West Texas (Cont. on Back Page, Section 1)

Quarterback Charles Neblett stretched through the line for a gain during the Muleshoe game last Friday. Coming up on the play are Eagles C. B. Stone, 61, Jack Pruett, 58, Harlie Adams, 25, and Richard Burgess, 73.

Procrastination is reputed to be a thief of time, and in the case of Canyon property owners, that lack of action can also be the thief of money.

The City of Canyon is running an enormous bargain sale this fall, with prices more than half off. We're speaking of the 60-block paving program the city is trying to put over.

Response to the city's offer has been slow so far. City Secretary Dudley Bayne doesn't know why this is so, but presumes property owners are working up their own block and not saying anything.

However, his supposition may not be true. It could be that everyone is waiting for someone else to do the contact work.

Here's what the city is offering: Paving, good, farm-to-market paving, at 45 cents a running foot. The city will provide the base and make up the difference between 45 cents and the actual cost. The property owner may also purchase curb and gutter at an additional \$1.30 or so.

Normally, paving of the same quality costs property owners between \$1.25 and \$1.30—which represents quite a saving to Canyon property owners who take advantage of the city's fall closeout.

Bayne said the excavation and base preparation will be handled by the city's maintenance men during the winter, when they will not be busy with the same sort of work as they do in the summer.

The topping will be applied next spring when the weather warms up. Bayne said the type of paving planned requires heat or heavy traffic when it is put down.

As an example of the type of paving planned, property owners may watch the work soon to be done along 19th Street to Conner Park and east to the new elementary school. That job should be completed sometime in the next 45 days. It can be done this fall because of the heavy traffic anticipated for the route to the school.

The city has set no deadline after which property owners wanting paving must lose out on the inexpensive offer. But Bayne said the first of the year is about the last practical date for joining the program.

He said the deadline will depend on how many blocks are contacted for—just how much base preparation will be needed, in effect.

All the city is asking is that proposed paving must connect with existing pavement, must be at least a full block, and that an entire block must be paid for before work begins.

Don't miss the city's fall closeout sale on paving.

This week we received through the mail one of the most vitriolic bits of biting bigotry we've ever seen.

It is a four-page, slick-paper, newspaper-style attack on Jews, Negroes, Communism, the Supreme Court, the Eisenhower administration, the nation's newspapers, the Republican Party, the Democratic Party, the entertainment industry and whatever else you might want to name—all this in three colors, black, red and yellow.

Mostly it is an attack on Jews—using such terms as "Yiddish General," "organized Jewry," and differentiating between Jewish and Gentile—under the banner of "America First!," "Fight Communist Treason!," and "The Only 'Ism' We Advocate Is Americanism."

In its attack on the entertainment industry, the stomach-turning publication says, "I'll Cry Tomorrow," based on the autobiography of the Jewess, Lillian Roth, is slated for release soon by MGM. The 'Benny Goodman Story' will also appear in the theaters shortly. This makes at least a dozen 'biographical' pictures featuring Jewish personalities to come out of Hollywood within the past few years, although non-Jews are almost never selected as subjects."

Another item: "Lynn Bari, who is Jewish, recently married a Yiddish psychiatrist in a Beverly Hills ceremony. She is the former wife of Sid Luft, now married to the Jewess, Judy Garland."

It tees off on television and radio for using Negro performers, naming such nationally famous stars as Count Basie, Lionel Hampton, Duke Ellington, Ella Fitzgerald, Sarah Vaughan and Pearl Bailey. Those stars are famous because they are good musicians, not because they are Negroes.

In an "article" on the case of Eugene Landy, the U. S. Merchant Marine Academy student who was denied a Naval Reserve Commission because his mother was a communist, the paper says, "Another Jewish security risk made the news last month to the accompaniment of a great deal of weeping and wailing from organized Jewry, which as usual sought to depict the suspect as another victim of 'witch hunting'."

The "article" eternally damns the youth because his mother was "not merely a Communist Party member, but was a recruiter for the party." And, by inference, Landy must also be a Communist, because he was "very close" to his mother.

The paper lays the blame for the Korean War on the Jews, for the Supreme Court decision on de-segregation on the Jews, for the Arab-Israeli war on the Jews (and they're probably right there), and the blame for most everything else is put on the Jews.

The only thing the paper neglected to attack is the Catholic Church. That's always a good subject for bigotry, and the editors of the sheet are missing a good bet there.

The paper is a real jewel. It says, "Whenever security cases are revealed, the chances are 10 to one a Jew will be involved. That's because Communism is, and has always been, a Jewish-led movement."

Shades of Jesus Christ, a Jew.

Scientific fellers tell us that a sudden plunge in temperatures (if it's not a plunge down into the freezing range) is invigorating and stimulating.

Not to us, it isn't. A drop like that early Thursday morning just makes sleeping better, as far as we are concerned.

I GIVE YOU

TEXAS

By
BOYCE HOUSE

Ad Wolgast never saw me and I never saw him—but he had a part in my becoming a newspaperman. His death a few months ago brought the long-past circumstances back to mind.

I was a small boy living in Coldwater, Miss. Battling Nelson, world's lightweight champion, was soon to fight Wolgast. Nobody in Coldwater had ever heard of the challenger and everybody was sure the champion would win—everybody, with one exception.

There appeared on the sports page of the Memphis News-Scimitar a letter from Coldwater, signed "A Fan," predicting a Wolgast victory. Folks in the town wondered mildly who the crackpot was.

But when Wolgast won the fight on a technical knockout in the fortieth round, the mild wonder was transformed to keen interest. And at last they found out. Probably I let the secret slip in conversation—I was a great hand to talk, even in those days.

The explanation of my prophecy was really quite simple: The winter previous, I had been out West and read the Los Angeles newspapers. Wolgast was fighting on the coast and, in the space of something like two weeks, he fought Abe Attell, world's featherweight champion, and Nelson. Both were no-decision bouts but Wolgast won the "newspaper decision" in both fights. I figured a fellow who was good enough to outpoint two world's champions in two weeks was good enough to win in a distance fight. Furthermore, Ad was young and, after all, a champion must lose some time.

Anyway, I had had the thrill of seeing something I had written in print. I had tasted glory! So I kept on writing letters to Sports Editor McDaniel and eventually became a sports writer myself.

Ad Wolgast's thudding fists influenced Nelson's destiny, his own—and mine.

I have never been able to tell the difference between "uptown" and "downtown," if there is any difference.

A visitor from Mexico said that one of the main reasons he enjoyed going to San Antonio was that you can get such good Mexican food in that city.

NO SAILOR

The boy had shown such ignorance and mental obtuseness that the teacher was disheartened. She finally asked sarcastically:

"Do you know whether George Washington was a soldier or a sailor?"

"He was a soldier," answered the urchin, promptly.

"How do you know that?" she persisted.

"'Cause I saw a picture of him crossing the Delaware, an' any sailor'd know enough not to stand up in the boat!"

NEWS LETTER

FROM CONGRESSMAN WALTER ROGERS
OF THE 18TH CONGRESSIONAL DISTRICT

Transportation

One of the big battles shaping up in our domestic economy is the one that will be between the segments of the transportation industry. This is a three-sided problem between the railroads on one side, the motor transportation (trucks and busses) on another side and the water carriers on the third side.

The other mode of freight transportation, to wit, the airlines, is not primarily concerned in this fight because it is outside the competitive field in which the railroads, the trucks and boats find themselves.

Air freight is very costly and does not appear to be in position to cause any trouble in the lower freight rate areas for many years.

The entire fight will center around rates and regulations, because it is through this particular medium that each segment of the industry feels that it can gain benefits or be subjected to unbearable hardships.

President Eisenhower appointed a Presidential Advisory Committee on transportation policy and organization to make a study of the problems and to recommend action thereon. This committee was composed of three members with an additional four listed as ad hoc participating members.

The three member committee was headed by Secretary of Commerce Sinclair Weeks as chair-

man and the other members were Charles E. Wilson, Secretary of Defense, and Arthur S. Fleming, Director of the Office of Defense Mobilization.

The ad hoc members were George M. Humphrey, Secretary of the Treasury, Arthur E. Summerfield, Postmaster General, Ezra Taft Benson, Secretary of Agriculture, and Rowland R. Hughes, director of the Bureau of the Budget.

This committee issued a report on Monday, April 18. This report has become highly controversial, and many people in this country are alarmed about it, especially those in the motor freight business.

These people feel this report is definitely a pronouncement of administration policy because the members making up the committee are the President's top advisors and are in either Cabinet or semi-Cabinet status.

It will be remembered that the report filed by the President's Fuel Committee recommended discontinuance of federal control of the production and gathering of natural gas became highly controversial because of the possible political repercussions.

At that time the President took the position that he did not consider that report pronouncement of administration policy, but only the recommendations of an advisory committee which he was not bound to follow. It might be pointed out that the Transportation Committee had members on

it who are much closer to the President and who have much more influence on the President than did the members on the Fuel Committee.

This is the thing that is disturbing many of the people in the motor freight industry. They feel that the report is definitely a pronouncement of policy by those who are shaping many of the governmental policies at the present time.

It is a problem that must be worked out by the Congress, and I am happy to say that I have the good fortune of being a member of the Committee on Interstate and Foreign Commerce which has jurisdiction over this particular part of our domestic economy.

I am looking forward with great interest to the extended hearings which will be had on the subject and which commenced on Sept. 19.

An Involuntary Visitor in D. C.

The genial and able Carson County Agricultural Agent, H. M. (Nick) Nichols, has been recuperating in the Walter Reed Army Hospital. I have had some good visits with Nick, and he is getting along fine and hopes to be back on the job before long.

He sends his regards to all of his friends scattered throughout the Panhandle. He is getting more fan mail than most movie stars, although Nick has never tried to win any beauty contests.

He was disturbed about not being able to answer these welcome letters because he has lost his glasses. However, he has now found them and is doing his best to catch up with his correspondence.

It is good to have a chance to visit with Nick and be brought up to date with the many agricultural activities that he keeps up with so well.

Questions and Answers

We all worry about the many international and domestic problems and where we are going to find the answers.

I found out the other day that grownups are not the only ones who are plagued with this trouble. On our way back to Washington, we had stopped overnight in a southern town and had gotten up the next morning for an early start.

I took the smaller children next

Hales Herd Highest In County DHIA

Richmond Hales Holstein herd was the highest producing herd in the Randall County Dairy Herd Improvement Association during August, with an average production of 1,120 pounds of milk per cow.

Neil Downing's herd was second and Louis Hinder's third.

Downing had six of the 10 top producing cows, while Hinder had one, Richmond Hales two and Raymond and Edward Hinder one.

The top-producing cow was Rag Mop, a Holstein owned by Downing, which produced 2,440 pounds of milk and 93 pounds of butterfat. The association included 25 herd, with 1,000 cows, of which 713 were being milked in August.

Pranksters in Huy, Belgium, switched road route signs, causing majority of a group of road-racing fans to wind up in one-way streets and muddy fields. Local traffic experts, take note.

door to a small cafe for a bite of breakfast. One of them, between bites of a cantaloupe, asked me this question, "Daddy, why do they call a cantaloupe a cantaloupe?"

If anyone has an answer to this, I would be glad to hear from him. Frankly, I had to refer him to his older brothers and sisters who have not yet been willing to listen to him. I don't think they know the answer.

Winter Pasture Recommended Now

COLLEGE STATION—There is no substitute for winter temporary pastures.

They are the only dependable source of green grazing during the late fall, winter and early spring, says E. M. Trew, extension pasture specialist.

Winter pastures should be planted early in order to increase the amount of grazing which in turn can mean cheaper gains on beef cattle, more milk from the dairy herd and lower hay grain and veterinary bills.

Early planting may mean dry planting. Oats and barley may be safely dry planted but there is a risk, says Trew, with wheat and rye.

If small grains are dry planted, put the seed deep enough to prevent germination from light rains, advises the specialist.

Because the inoculant used on legume seed may be killed if the seed remain in dry soil for a long period, Trew says it is sometimes advisable to make separate plantings when the grain is dry planted.

Early planted pastures, Sept. 12-20, last year gave almost three times the net return per acre for East Texas dairymen as did pastures in late October and early November. The value came from increased milk and hay saved. Grazing days were 143 against 80 for the late planted pastures.

Trew suggests to farmers and stockmen interested in planting grasses and legumes for winter temporary pastures a visit with the Randall County Agent. Pick up a copy of brand new Extension Leaflet-258, Winter Temporary Pastures.

The leaflet lists recommended plants, date and rate of seeding and gives information on earliness and disease susceptibility of the different grasses.

Finally, Trew reminds, for the soil's sake, give it some winter protection either in form of temporary pastures or a winter cover crop. Both are soil improvers.

Hill's new book about the museum is the only complete, authentic history of that institution ever published. On sale at The Canyon News.

VAUDEVILLE NEXT

"Say, ma," protested the small boy, "what's the idea of making me sleep here every night?"

"Ssh, dear," admonished his American mamma. "You have only to sleep in the piano for two more weeks to set up a new record and then your picture will be in all the newspapers."

Pork, Rice, Spuds On Plentiful List

COLLEGE STATION—Featured spots on the USDA's October plentiful foods list go to pork, rice and potatoes.

But, according to Mae Belle Smith, specialist in consumer education for the Texas Agricultural Extension Service, generous supplies of beef, broilers and fryers, canned tuna, pinto beans, cheese and other dairy products are available.

Too, grapes and vegetable fats and oils are in heavy supply.

The Texas sweetpotato crop is moving and supplies make it a good buy. Homemakers, because of the many dishes in which sweetpotatoes can be featured, should find this root crop a food bargain.

The monthly plentiful foods list is based on a survey of food stocks in the major trade territories of the region.

Help Keep Canyon Clean!

SPEAKING OF "BULLS"

The absent-minded professor who went to mow the lawn with a carpet sweeper wasn't half as embarrassed when he discovered his mistake as was the school teacher who smiled and spoke very friendly to a gentleman and then discovered she didn't know him. By way of explanation, she exclaimed: "Oh, pardon me. I thought you were the father of one of my children."

Eversman MODERN, RUBBER MOUNTED FLOATING-HITCH DITCHER

Start and Dig Ditches by Yourself

QUICKLY AND EASILY

Mechanical or Hydraulic Control

For any Standard Farm Tractor

With the new and modern EVERSMAN DITCHER you can start a ditch by yourself, even in sod ground, and dig new ditches or clean old ones with a minimum of time and effort. The EVERSMAN DITCHER is easily transported on its own rubber tires, is sturdily built and will save you many hours of hard work. The exclusive floating-hitch adjustment permits either narrow or wide ditches. Depth is regulated by either a mechanical screw control or with any standard wheel tractor hydraulic cylinder. Available with 15" or 16" wheels.

Built by The Eversman Manufacturing Company, makers of Eversman Automatic Land Levelers and Dirt Movers. Come in today for free demonstration.

Married

Mrs. Herschel Tisdale

Jane Darland, Herschel Tisdale Exchange Vows in Recent Service

Nuptial vows were solemnized Friday for Jane Darland and Herschel L. Tisdale. Both are natives of Arkansas.

The ceremony was performed in the Presbyterian Church in Lincoln, Neb. Attendants were Mr. and Mrs. James Tisdale.

A pink velveteen, imported Italian suit was worn by the bride.

Mrs. Tisdale has a B.S. degree from the University of Iowa and

a M.A. from the University of Wyoming. Mr. Tisdale attended the University of Nebraska and is sales manager for the Studebaker-Packard Co. of Lincoln, Neb.

The couple is at home at 2540 South 17th, Lincoln, Neb.

Top Bridge Score Won by Prichard

High scorer at the Business and Professional Women's Bridge Club Sept. 21 was Mrs. A. H. Prichard. Second high scorer was Mrs. A. L. Walsh, and the duce prizes went to Mrs. Irene Ball and Mrs. Worth Jennings.

Mrs. Joe Black and Mrs. Roscoe Davis entertained the club in the home of Mrs. Davis.

Refreshments of crumb top apple pie ala mode and coffee were served to Mrs. E. H. Lindsey, Mrs. Warren E. Parker, Mrs. O. W. Parker, Mrs. Clay and Mrs. C. R. Flesher.

Mrs. Irene Ball, Mrs. Ted Kelly, Mrs. Mary Geabton, Mrs. E. E. Perkins, Mrs. E. R. Reeves, Betty Jo Cone, Mrs. Bob Parsons, Mrs. Harry Wheeler, Mrs. N. E. McIntire and Mrs. T. A. Pierce.

Special guests were Mrs. Walsh, Mrs. Jennings Jr., Mrs. Prichard and Mrs. William B. Davis.

Parish To Sponsor Dinner at VFW Hall

A barbecue chicken dinner will be served Sunday from 12 to 5 p. m. at the VFW Hall.

St. Ann's Parish is sponsoring the dinner and all proceeds will be for the benefit of the church.

Tickets for adults are \$1.50; children, 75 cents. The public is invited.

1st Lt. and Mrs. Jimmy Lindsey and son, Jimmy Jr., arrived in Canyon Wednesday to visit their parents, Mr. and Mrs. Paul Lindsey and Mr. and Mrs. J. R. Dodson.

The Soviet encourages cultural visitors from West.

THE QUESTION—"Prisoner," right, stands in the eye-searing glare of floodlights as "the enemy" questions him in interrogation room at Stead Air Force Base, Nevada, where the Air Force conducts an anti-brainwashing school. Stripes on wall form one portion of painted effects designed to prove psychologically unnerving to men being questioned. Some 29,000 volunteers have been processed through the controversial 17-day course, which the Air Force says is designed to teach airmen what to do and how to survive in case of capture.

Births

Mr. and Mrs. Bobby Scruggs of Amarillo are the parents of a baby boy born Sept. 22.

A son was born to Mr. and Mrs. Thomas H. Lair, Sept. 23.

Mr. and Mrs. Charles SoRelle of Claude are the parents of a baby boy born Sept. 28.

Sue Hite Has Salad Supper Monday Night

The Sue Hite Club opened their 1955-56 year with a salad supper Monday night in the home of Mrs. Hud Prichard. Mrs. J. O. Parker gave the president's message after the supper.

The course of study this year will be "Our Place in the Community."

Hostesses for the occasion were Mrs. Virgil Henson, Mrs. J. E. Flynn, Mrs. Strauss Atkinson, Mrs. F. A. Pierce, Mrs. Loyd Devin, Mrs. W. F. Haggard, members of the hospitality committee and Mrs. Prichard.

Seated were Mrs. Atkinson, Mrs. Frank Barnhill, Mrs. John Bowden, Mrs. Hatcher Brown, Mrs. Sidney Burgess, Mrs. R. C. Busted, Mrs. M. R. Callihan, Mrs. Levi Cole, Mrs. T. V. Crouse, Mrs. Devin, Mrs. Flynn, Mrs. D. M. Foster, Mrs. Haggard, Mrs. Henson, Mrs. Robert Jarrett, Mrs. Mitchell Jones, Mrs. M. B. Measamer, Mrs. Boone McClure, Mrs. Gene McGlasson Jr., Mrs. W. E. Miller, Mrs. W. A. Moore, Mrs. Jerry Newman, Mrs. Parker, Mrs. Borden Price, Mrs. Prichard, Mrs. Raymond Raillard, Mrs. Rex Reeves, Mrs. Burney Slack, Mrs. Paul Summers, Mrs. Crannell Tolliver, Mrs. A. L. Walsh, and Mrs. R. D. Wheelock.

The next meeting will be Oct. 10. A panel discussion of the year's study will be given.

Wayside HD Club Has Two Meetings

Mrs. Mona Hildreth, home demonstration agent, and Mrs. T. H. Campbell were guest speakers at two meetings of the Wayside Home Demonstration Club this month.

On Sept. 7, Mrs. Hildreth was in charge of the program on materials and how to sew and care for fabrics. Mrs. Lewis Harvey presided during the session and Mrs. T. J. Myers gave a council report.

The hostess, Mrs. Harvey, served sandwiches, potato chips, cake and punch.

A report on the state meeting was given by Mrs. T. H. Campbell on Sept. 22.

The meeting was opened by singing "Auld Lang Syne" and repeating the club prayer.

Mrs. Leroy West, hostess, served sandwiches, potato chips, and iced tea.

Oct. 5 is the date for the next meeting of the club which will be at the home of Mrs. E. T. Zachry.

Mrs. Davis Hostess To Jowell H.D. Club

The Jowell Home Demonstration Club met Wednesday, Sept. 21, in the home of Mrs. Earl Davis with Mrs. J. C. Keeling presiding. The recreation chairman presented a true-false quiz as opening exercise.

Mrs. Mona Hildreth, Home Demonstration Agent for Randall County, gave an interesting program on "New Materials and How to Sew and Care for Them."

Refreshments of pineapple chiffon loaf, nuts and punch were served to Mrs. Hildreth and Mrs. Barney Anthony, visitors; Mrs. E. C. Robinson, Mrs. T. E. Culp, Mrs. J. C. Keeling, Mrs. Les Raymond, Mrs. J. H. Barrett, Mrs. T. J. Bonds and the hostess.

A student of Mrs. Frances Bright, Virginia will play "Two Part Invention No. 8" by Bach; "Sonata Op. 29, No. 1," Kuhlau; "Waltz," "Polka," "German Song" and "Neapolitan," Tchaikovsky; "Day in Venice," Nevin; "Poeme," Fibich; "Blues in 3/4 Time," Moore; and "Danza Lucumi," Lecuona.

Report, Quilting Head Lutheran Aid Agenda

A brief report by Mrs. Bill Schuette on the book, "Christian Behavior," and an afternoon of quilt piecing were the sources of entertainment for the Lutheran Ladies Aid at the September meeting.

With Mrs. G. H. Leseberg presiding, the roll call was answered with verses of scriptures.

Refreshments of sandwiches, angel food cake, punch and coffee were served by the hostess, Mrs. Loys Knox, to 10 members.

Mrs. Alvina Leseberg will be the October hostess.

Mr. and Mrs. C. A. Null of Oklahoma City, Okla., spent the weekend with Mr. Null's sister, Mr. and Mrs. E. E. Plank and family.

Range-Cattle Ratio Problem Discussed

COLLEGE STATION—Maintaining the right balance between livestock numbers and available range feed and forage is one of the toughest problems faced by the ranchman or stock farmer.

Weather variables, too dry and less frequently too wet, make necessary continuous adjustments in stocking rates, says A. H. Walker, extension range specialist.

The well planned livestock program, explains the specialist, should be based on average years and not on a single good year. The program should make provisions for deferred grazing of at least one pasture each year; the planting of supplemental grazing crops—summer and winter; adequate reserves of hay and silage; grazing off only about half the growth of native grasses and buying feeds needed early and in season.

Deferred grazing, points out Walker, is usually the cheapest and best method of range recovery. It provides for seed, plant vigor and litter, that is, if the deferred pastures are not grazed until frost.

Too, he adds, close grazing results in less forage produced; invasion of pastures by poorer kinds of plants; soil washing or erosion and perhaps of most importance . . . rainfall penetration is greatly reduced.

During May and June 10 inches of rain were recorded at the Spur Experiment Station, on bare soil moisture penetration was nine inches but was 51 inches on soil with a good grass cover.

If calves or lambs are being held over the winter, Walker says only a plentiful supply of grass will make the holding a paying proposition. He says too many operators wait for rain in September and October to produce their range feed for the winter season.

"It's a big gamble which seldom pays off and making needed adjustments in livestock numbers before a lack of grass forces marketing is a better method to follow,"

WASHINGTON AND

"SMALL BUSINESS"

By C. WILSON HARDER

The cry of "mad dog" once sent a chill through early American communities until authority was set up to deal with such canine terrors.

Yet, so far, authority has not stepped in to deal with similar actions in the economic field.

A case in point is one of the nation's largest chain operations which last year made less than 1/4 of 1% profit on its sales, and for the first half of this year reports C. W. Harder profits of about 1/4 of 1% on sales.

The interesting thing about this vast organization that although it cannot seem to make a profit, it is seemingly determined to stop anybody else from making a profit.

At the present time, in the southwest this corporation is under indictment by a Federal Grand Jury on charges of selling for less than it does in other parts of the country in an attempt to drive out independent competition.

It is also significant that some stock market analysts of late have been quoted in newspapers questioning the value of this concern's stock as an investment.

In fact, it appears that the entire operating policy of this concern is something to the effect "Well, we may not be able to make a profit, but we sure will keep anybody from making one, either."

Besides operating retail stores, this corporation has also entered in a major way in the manufacture of products under its own brand names, setting up a whole

© National Federation of Independent Business

bevy of subsidiary corporations for this purpose.

They found one great difficulty, however. Even their own customers continued to buy the brands they preferred than buy the chain's brands, despite pressures exerted by the chain.

In addition, they also ran into another difficulty. In many cases they found their own subsidiary manufacturing companies could not sell them as low a price for comparable goods as independent packers and manufacturers could sell them.

So in past few months chain has adopted a new policy.

The policy is very simple, albeit ruthless. Whenever an independent brand is so popular with their own customers that it hurts the sales of their own brand, they just discontinue stocking and selling the independent brand.

Thus, there is rapidly developing a very curious situation, and one that it is presumed government will be looking into closely, if the action of one Federal Grand Jury is any indication.

Sometime, this issue will have to be met. While the American system of free enterprise encourages free competition, it does not encompass those operations who seem to have as their guiding principle "Rule or ruin."

Many observers in the food business feel that in time the present tactics of this organization, unless changed, will bring about the ruin of the corporation.

But before that point is reached, it is possible it will pull down to ruin with it many independent operators. The question seems to boil down to the simple one if one wishes to commit suicide, should it be possible for that person to also murder others while suiciding.

NOT EVEN THE LAWN MOWER!

"Haven't you missed the folks that used to live next door?"

"No. The reason is that they never borrowed anything so we hardly knew them."

More investment outside the country is proposed.

Bridal Tea Honors Jane Darland

Jane Darland, bride-elect of Hershel Tisdale of Lincoln, Neb., was honored with a tea from 8 until 10 p. m., Sept. 19, in the home of Mrs. Joseph Findley. The honoree was presented with a corsage of rosebuds and pink carnations.

Hostesses were Mrs. O. L. Coleman, Mrs. Joseph Findley, Mrs. Everett Glenn, Mrs. W. T. Green, Mrs. George Hand, Mrs. Lester Jones, Mrs. V. K. McCaskill, Mrs. M. L. Morris, Mrs. W. E. Parker and Mrs. Edwin Pettitt.

The serving table was decorated with bronze and gold chrysanthemums.

Many friends of Miss Darland called during the receiving hours.

Music Arts Club Meets With Gaume

The first regularly scheduled meeting of the Music Arts Club for the 1955-56 series was held Monday, Sept. 19, in the home of Matilda Gaume.

During the business session which was held after dinner, the club pledged support for the coming Community Concert Series of Canyon.

The study for the club will be Johann Sebastian Bach.

Present for the first meeting were Pauline Brigham, Charlotte Brantley, Betty Bailey, Elsie Wilbanks, Frances Bright, Thelma Fulton, Wanda Winn, Isabel Robinson, Mary Helen Demus, Nell Findley, Claudia Neelley, Margaret Harper, Audrey Sanders, Cortez Dowlen, Mamie Newman and the hostess.

The next meeting will be with Mrs. Ples Harper.

Dinner guests in the I. M. Steen home Sunday were Mr. and Mrs. Victor Steen, Bud Steen and family, Jimmy Campbell and daughter, all of Amarillo, Mr. and Mrs. Buddy Myers, Canyon, C. E. Steen and family, Farwell, Buck Steen, and Mr. and Mrs. Bill McMahan from Post.

Mr. and Mrs. Richard Hefley and sons, Mike and Ricky, were Sunday guests in the A. B. Berry home.

The Soviet Union is extending to Yugoslavia credits totaling more than \$84,000,000 for the purchase of industrial equipment and other materials.

You needn't drain your savings to make home repairs

Many folks hereabout keep their homes "in shape" with the help of funds they borrow from us. We hold borrowing cost to a minimum . . . arrange terms for maximum convenience. "With the quantity storage a home freezer gives you, many food problems are eliminated. For example, we use one shelf for bread alone, storing and using as many as 10 loaves per week!"

"With handy compartments, it's easy to keep track of the foods you freeze or buy. Shopping trips are cut to a minimum, never more than once a week. And, there is real economy in quantity buying!"

Mrs. Lewis is delighted as she examines package of frozen chicken. She says, "Many foods can be kept indefinitely including some meats and vegetables. Our electric home freezer gives us a greater mealtime variety!"

Double-Ring Service Is Read for Pat Lewis and Charles Ray Pierce

Patricia Gwendolyn Lewis, daughter of Mr. and Mrs. H. O. Lewis of Borger, became the bride of Charles Ray Pierce, son of Mr. and Mrs. J. R. Pierce, O'Donnell, on Sept. 2 in the First Baptist Church of Borger.

Rev. Weldon W. Lewis, associate pastor of the Calvary Baptist Church, read the double-ring ceremony before an altar covered with white satin and white candelabra.

Shirley Bollen, organist, played a prelude of Chopin compositions and the traditional wedding marches. Cecil Morris, vocalist, sang "If I Could Tell You," "Bless This House," and "O Promise Me."

As matron-of-honor was Mrs. Mary Lewis of Pampa, and Janice Allman of Hale Center was maid-of-honor. Mrs. Lewis wore a floor length pink dress and Miss Allman was attired in a waltz length pink dress. Both carried bouquets of pink asters.

Nancy Pierce and Patsey Ruth Cook, nieces of the bridegroom, were candlelighters. Flower girl was Diana Lewis and Rickey Jack Cope was ring bearer.

Best man was Robert Pierce of Lubbock. Ushers were Billy George Pierce and Dave Thompson, O'Donnell, and Dan Lewis, Borger.

Given in marriage by her father, the bride wore a gown of white bridal satin and nylon lace, fashioned with shirred neckline, scalloped yoke, basque bodice and full skirt with modified train. Her fingertip veil was illusion and she carried a Bible covered with a lace handkerchief, a gift of the bridegroom, and topped with a white orchid and flowers of love.

A reception was held in the recreation room of the First Baptist Church following the wedding ceremony. The bride's table was centered with a tiered wedding cake surrounded with her bouquet and those of the attendants. Re-

College Faculty Guests of Rotarians

New members of the college faculty were introduced Sept. 20 at the regular weekly meeting of the Canyon Rotary Club. President James P. Cornette was in charge of the introduction of guests and made a short talk on the physical assets of the institution.

Faculty members present were Mrs. Virginia Allen, Dr. Donald H. Enlow, Dr. H. L. Cook, Dr. G. E. Kiser, Thomas MacOwan, David Matthis, William D. Compton, Earl E. Stevens, James Pearson, Olan J. Lehman, Robert Bennett, Dan R. Madore, Mary McCulley, Earl Hatfield, M. Sgt. Dan Brown.

New faculty members who were not present are Mrs. Evelyn Frieze, Mrs. Helen Teague, Donna Marburger, Mrs. Helen Summers, Chris Gikas and David Kaplan.

Dr. Cornette talked informally on the financial side of the institution.

Last year there was a total enrollment of 2379 in both the campus and Amarillo Center; with an enrollment of 20% this year of more than 2600. There are now more than 1500 on the campus.

With the increase increasing year after year by 1960 there is enough money in sight to take care of the students.

The physical valuation of the plant today is \$7 million. The constitutional amendment provides \$100 per student each year for the next 20 years.

State appropriations are now \$1 million annually; and will increase as the enrollment increases.

Only three state institutions in Texas have a better salary schedule than WT—University of Texas, A. & M., and Texas A. & I. The combined endowment of all denominational colleges in Texas will not yield as much as the state appropriations given WT.

Dr. Cornette was high in praise of the splendid relations which exist locally between the college and the town and urged that we continue to build an institution to fill the needs of all the Panhandle-Plains region.

Visitors were Harry Brown, Jim Cone, Vern Whitis, C. W. Seibel, Arnold Attebury, Claude Harrison, J. J. Sanders, W. F. Perkins, Jess Tate, Charles Green, Emil F. Myers, Bill Stamper, J. W. Collins, Bill Defee, Joe Martin, all of Amarillo.

Edgetown HD Club Studies New Material

Mrs. Mona Hildreth, home demonstration agent for Randall County, discussed "New Materials, How to Sew and Care For," at the Edgetown Home Demonstration Club meeting Thursday, Sept. 9. Mrs. Mary Donnell was hostess to the group.

Delicious refreshments were served to Mrs. W. H. Sparks, Mrs. Tommie Burgess, Mrs. H. C. Gentry, Mrs. Jeannette Robbins, Mrs. C. H. Stratton, Mrs. Lillie Foster, Mrs. Oren Fisher, Mrs. K. E. Hines and Mrs. Piner Stevens.

Mrs. Fisher will be hostess to the club Friday, Sept. 23.

Amity Club Reviews Former School Days

A retrospect of the "good old school days" was taken by the Amity Club Sept. 16 at a meeting in the home of Mrs. Henry Cone.

With Mrs. W. T. Davis presiding, the session was opened and roll call answered by a brief sketch of the first day at school. Old pictures pertaining to the days of the "three R's" were shown.

The social hour was spent visiting and doing hand work, and following the social hour refreshments of apple pie and coffee or cold drinks were served by Mrs. Cone, Mrs. Davis, Mrs. Gill and Mrs. Fain.

Present were Mrs. Dowd, Mrs. Danner, Mrs. Burtz, Mrs. Wester, Mrs. Cox, Mrs. Payton, Mrs. Lowry, Mrs. Davis, Mrs. Terry, Mrs. Long, Mrs. Fain, Mrs. Gill and Mrs. Cone. The October meeting will be with Mrs. Danner.

Hill's story of the museum gives the names of hundreds of people who played a part in the building of this all-Panhandle institution.

Herd Selection Bulletin Ready

COLLEGE STATION—Great differences exist in "doing ability" among cattle that outwardly appear alike.

These differences form the basis for the selection program outlined in Bulletin 809, Performance As A Guide to Beef Cattle Selection, say the authors J. K. Riggs, professor of animal husbandry, and L. A. Maddox Jr., associate county agent, both of the Texas A. & M. College System.

The new bulletin is available at the office of Randall County Agent John Brazzil. Outlined in detail are economic characteristics that deal with the production of beef; a plan for selecting more productive breeding cattle and an explanation, with filled in record sheets, of the type and kind of records recommended for use in connection with the selection program.

The Texas Agricultural Experiment Station commenced in 1941 at the Balmorhea station a testing program for bulls and in more recent years the selection program has been operating at Bluebonnet and Pan Tech stations, the latter in cooperation with Texas Technological College of Lubbock.

The authors say, "There is a sound basis for improvement based on performance and the cooperative spirit shown by beef cattle breeders will carry production to new heights."

Mr. and Mrs. G. B. Combs and Mr. and Mrs. C. V. Lowe of Gruver attended the I. A. Allred reunion at Elwood Park in Amarillo Sept. 18. They met several of Mrs. Combs' former Sunday School pupils who were in a class she taught for nine years while living at Paladuro.

The Panhandle-Plains Museum is the first such institution ever built on a college or university campus in Texas. Hill tells the story in his new book. The Canyon News sells it.

A star kitchen performer

Illustrated below is the O'Keefe & Merritt automatic Gas range.

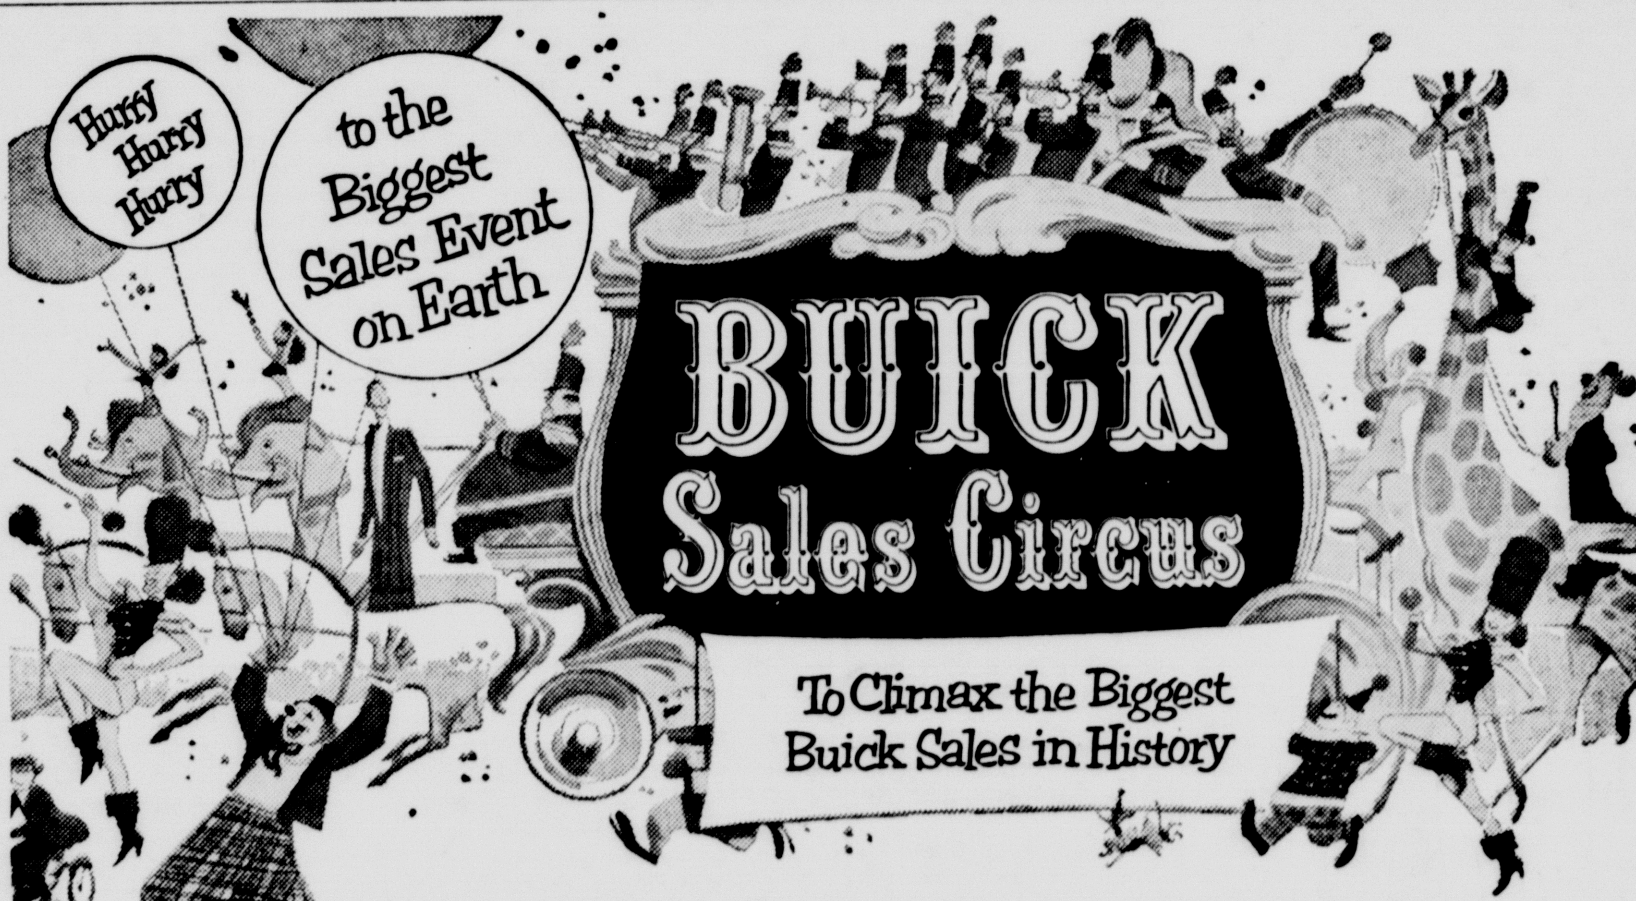

Naturally...it's Gas

- ★ Broil and bake at the same time!
- ★ Automatic clock control frees you from oven watching!
- ★ Gives you dependable service winter or summer...rain or shine...anytime!
- ★ Costs less to buy...less to install...less to maintain...less to operate.

SELECT your automatic, built-in Gas range today! Modernize your kitchen and let the savings on your fuel bills help you pay for modern living. You'll be glad that you installed an automatic Gas range in your home. No range is more automatic...cleaner...or more economical to operate.

Cadet Officers Named at WT

Cadet officers for the 1955-56 session at West Texas State College, for the Reserve Officers Training Corps unit, have been named by Col. Raymond H. Lumry, professor of military science and tactics.

Commanding officer for the WT regiment is Darryl H. Powell, Pampa senior; and assisting him will be Robert W. Hunt, Portales, N. M., executive officer; Buddy W. Knox, Canyon, S-3 officer; Charles Boren, Kerrick, adjutant; and A. Gregory Dorrough, Amarillo, as sergeant-major.

Commanding the First Battalion is Charles M. Holt, Amarillo; and assistants, Ray Burrus, Canyon, executive officer; Tommy C. Overstreet, Vigo Park, adjutant; and Tommy Pool, Groom, sergeant-major.

Second Battalion officers are Robert R. Wheatley, Amarillo, commander; James A. Morgan, Borger, executive officer; Charles Rittenberry, Amarillo, adjutant; and Barney Williams, Amarillo, sergeant-major.

Individual company commanders are Boyd Vaughn, Tulia, Company A; Richard D. Coggin, Borger, Company B; James Crosby, Wellington, Company C; and Lawrence Overcast, Samnorwood, Company D.

Eagles--

(Continued from Page 1)

ected with Britain on the fourth down for 48 yards.

The Mules were penalized to their own one, and Adams went over. Neblett's extra point made the score 46-0 with 3:11 left in the third quarter.

Muleshoe made their first good drive of the game just before the quarter ended, running seven plays good for 30 yards and two first downs before fumbling on the Canyon 31.

The Eagle second string backfield moved the ball from their own 31 to the Muleshoe five before losing the ball on downs—the first time that happened in the game.

In the drive, Ronald Crow made five yards, then four, Ruthart made 12. Pruett was thrown on the scrimmage line, Ruthart gained eight, Pruett 21, then four, then lost one, attempted a pass, then Ruthart made five.

Muleshoe tried three more plays then kicked. Pruett ran the kick back to the Muleshoe 24.

Dee Pond made seven yards, Pruett eight, Ruthart two, then Pruett went over from the two. His point attempt was no good, but the score was 52-0 with 6:07 left to play.

During the game, the Eagles made a touchdown each time they had the ball with the exception of three drives.

The Eagles made 32 first downs to three for the Mules. Canyon was penalized 80 yards and the Mules 20.

Muleshoe kicked seven times for 211 yards, while Canyon did not kick.

Neblett threw 13 passes, completing six for 134 yards. Pruett attempted two, completing one for six yards. Muleshoe attempted three passes, completed none and had one intercepted.

Canyon lost two fumbles and Muleshoe one.

Neblett ran 11 times for 64 yards, averaging 5.4; Pruett ran 9 for 53, averaging 5.9.

Britain ran 10 times for 70 yards, averaging 7; Adams 18 times for 156, averaging 8.66; Ruthart five for 27, averaging 5.4; O'Donald four for 20, averaging five; Crow two for nine, averaging 4.5; and Pond ran once for 13 yards.

Adams' season average is 7.1, having carried 51 times. Britain's is 5.1, carrying 42 times. Neblett's is 4.5 with 22 carries. Pruett's is 3.6 with 13 tries. Ruthart's is 3.45 with 11 carries.

Faculty Reception Held Last Night

West Texas State College's faculty entertained students last night in Cousins Hall lounge at their annual reception.

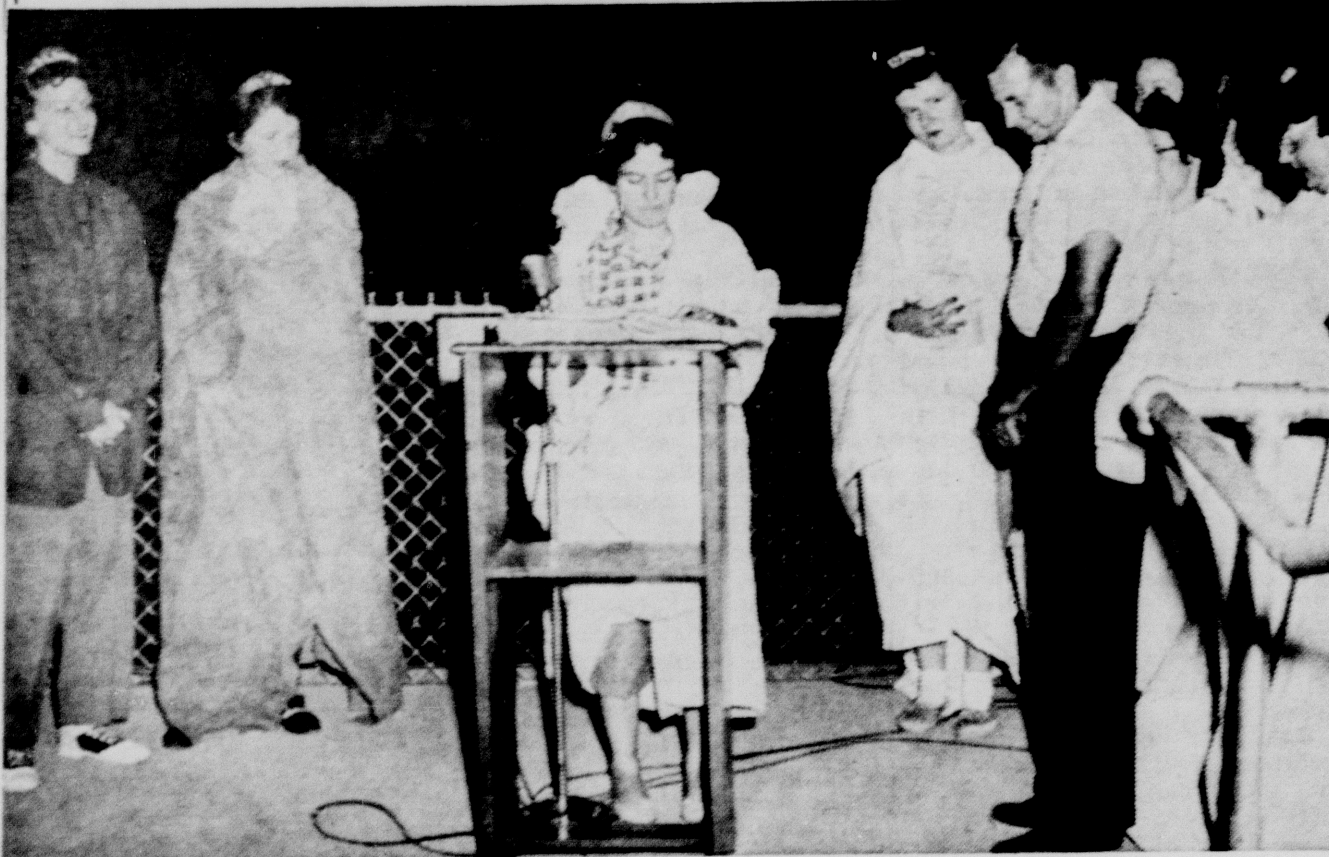

Sponsored by the student welfare committee, headed by the deans of men and women, Mitchell Jones and Ruth Cross, the reception featured a record dance in Cousins ballroom.

Receiving students were Pres. James P. Cornette, Board of Regents member and Mrs. Henry Sears, Hereford, Dean and Mrs. Walter H. Juniper, Graduate Dean and Mrs. James L. Russell, Dr. and Mrs. A. K. Knott, Dr. and Mrs. L. F. Sheffy, Dr. and Mrs. J. B. Roberts, and Dr. and Mrs. Robert Busted.

Serving was by a group headed by Elizabeth Cox and decorations by a committee headed by Isabel Robinson.

Mrs. J. H. Rowan of Decatur, her two sons, Allen and Floyd Rowan of Fort Worth, and a daughter, Mrs. Walter Cox of Olney, attended the funeral of T. H. Rowan Saturday afternoon.

He Went to the Devils

Freshman Carol Roselius of Panhandle judged faculty members in a skit during the Freshman Mixer last week, and sent those who are "too hard" in class to the devils. Donald Enlow fitted into that category, as well as every other teacher who went before the court.

TASA Workshop Slated Monday

A district workshop to begin working for improvement of "weak" areas in the Panhandle's public schools, slated by the Texas Association of School Administrators, will be held Monday at 9 a. m. in the McKinley School auditorium in Amarillo.

The meeting will be centered around procedures to be used in the improvement project adopted by T.A.S.A. and the Texas Education Agency this year as a follow-up of an evaluation program conducted by a state-wide basis last year.

Newell H. Odell, superintendent of schools in Childress, is chairman of the 26-county District IV, and Dr. Emmitt Smith, professor of education at West Texas State College, is district college consultant. Rogers Barton, Austin, will represent the Texas Education Agency at the district meeting in Amarillo.

Dr. Smith will attend an area meeting of district officers Thursday in Lubbock, to outline plans for district meetings. The area conference will draw up an agenda for the Amarillo conference.

Last year the T.A.S.A. and Texas Education Agency sponsored a state-wide program of evaluation of schools' instruction, and "weaknesses" shown in the survey will receive attention from the groups this year.

Mr. and Mrs. Bryan McDonald will leave Friday for New York to meet their son, Dick, and his wife and daughter, Jean and Melvina, who are scheduled to arrive Oct. 8. Enroute Mr. and Mrs. McDonald will stop in Pittsburgh, Pa., to visit Mrs. Robert Meybin, a sister of Mrs. McDonald.

Mrs. Carol Odum of Borger visited Tuesday with Mrs. R. D. Lowry.

Buffaloes--

(Continued from Page One)

13-yard line in five plays.

However, Hayworth fumbled on an attempted handoff and Jack Vantrease, Buffalo guard, fell on the ball on the 15. West Texas succeeded in running out the clock on a series of ground plays.

The winners had a big bulge in statistics, rolling up 12 first downs to the visitors four and gaining 217 yards rushing compared to 127 for McMurry.

West Texas will attempt to avenge a 14-7 defeat by Midwestern last year when the two clubs collide Saturday night.

Strengthened by a new coaching staff and a number of junior college transfers, the Wichita Falls school boasts one of the soundest eleven in several years.

New head coach is Dick Todd, former Texas A & M and Washington Redskins player. Todd was head coach of the professional Redskins in 1951 before retiring to private business.

The Indians are led by an outstanding quarterback, Jackie Weldon, an All-American junior college performer at Paris Junior College the past two years.

He's an excellent passer and runner and does a masterful job of guiding the Indians on the field.

Midwestern won its season opener over Southwestern Oklahoma, 32-19, before bowing to Arizona State on the Tempe gridiron Saturday, 28-7.

Mrs. Harold Barrego of Yuma, Ariz., is visiting her parents, Mr. and Mrs. Ted Reid. The family group spent last weekend in Alpine and El Paso.

BU-2 and Mrs. Don Lewis of Newfoundland are visiting Mrs. Lewis' parents, the D. V. Shelnuts. Mr. Lewis reports to Maryland Oct. 20 for two years of service.

Rowan Services Held Saturday

Funeral services for Thomas H. Rowan, 80, a longtime resident of Canyon, were held Saturday afternoon. Burial was in Dreamland Cemetery.

Mr. Rowan, who had lived in Amarillo for the past several years, died Thursday.

He was a member of the First Baptist Church, and had been active in church work until the past few years.

Mr. Rowan was preceded in death by his wife, who died in 1940.

Survivors include two daughters, Mable and Jonnie Rowan; one brother, the Rev. J. B. Rowan, Amarillo; and three sisters, Mrs. G. S. Ballard, Amarillo, Mrs. Murry Evans, Tulia, and Mrs. J. C. Dowd, Canyon.

Junior Livestock Meeting Thursday

A Junior Livestock meeting is scheduled for 7:30 p. m. Thursday in the FFA building at the high school.

On the agenda are election of officers for the coming year and a financial report.

Final Rites Held For Jim Rossi

Jim Rossi of Tulia, and uncle of Toni Rossi, died Friday. Final rites were read Saturday in Happy. Mr. and Mrs. Rossi attended the funeral.

Mrs. Hattie Lou Mims of Roanoke, Va., has moved to Canyon to spend the winter with her sister, Dr. Ima Barlow.

Last weekend, Shela and Jolene Dixon of Dumas visited with Jackie Barnard.

Sheffy Tells Rotary Of European Trip

Dr. L. F. Sheffy talked on his recent trip to Europe at the Canyon Rotary Club Tuesday.

The troupe from Canyon witnessed the four stages of European history, according to the speaker: The early history, during which the Roman roads were built, and the wonderful castles throughout the area; the 11th and 12th Century history; the 16th and 17th Century history; and modern Europe, which is being traveled and witnessed by many.

The countryside of each country was the most interesting and delightful to the travelers. The farm homes of England, Holland, Belgium, Germany and other nations were described by the speaker.

The German people were the most thrifty and working the hardest of any nation visited, he said. The rivers of Germany carry huge cargoes of freight, and the railroads were busy carrying loads of products. The nations of Europe depend much more on their rivers than the speaker thought possible.

Switzerland was not as picturesque as Dr. Sheffy had been led to expect. There were more mountains in every country than he had ever dreamed of seeing. Water as a drink was practically

unknown. Europeans drink wine and beer.

There are thousands of bicycles, and the machines are used for all kinds of transportation. Dr. Sheffy said he stood for 45 minutes on a well traversed corner in Holland one morning to see thousands of persons pass on bicycles, with only four small cars on the streets. In Germany and in Rome more cars were seen.

The people of Germany are opposed to the division of the country. The driver of their bus throughout the trip was from Germany and spoke out against the Russian rule.

Visitors were: Bob Lindsey of Borger; E. H. Miller of Snyder; Chas. Green, Forrest Barnes, Robert Denman, Wayne Clark, Stanley Crowe, Guy A. Carlander, Herbert Donald, all of Amarillo; Travis Wilson of Colorado; Ever Hampton of Montana; Eugene Boston and Jim Flynn, Junior Rotarians; Mrs. Clay Cooper, Mrs. Clyde Warwick, Bob Lindsey, Jr. of Canyon.

T. A. Black and Mitchell Jones were introduced as new members of the Club.

Royal Brantley gave a cordial invitation to all singers of Canyon to join the chorus which will put on "The Creation" in December.

Beckman-Brockman Nuptial Vows Exchanged in Impressive Service

St. Mary's Church in Umbarger was the scene recently of an impressive mid-morning, double-ring ceremony in which Elizabeth Ann Beckman, daughter of Mr. and Mrs. Clarence Beckman, became the bride of Robert F. Brockman, son of Mr. and Mrs. George Brockman.

Father Andrew Marthaler, pastor, witnessed the ceremony at the altar flanked by huge white chrysanthemums. White pom-poms decorated the two side altars, and the pews were marked with miniature muffs of the bride's chosen colors and each bore a pink carnation.

Traditional wedding marches by Carl Rossini and "O Little White

Guest," background music during the interlude of Holy Communion, were played by organist, Mary Janssen. St. Mary's senior choir sang "Missa Maris Clara" by Hamma for the High Mass and "Ave Maria" during the offertory.

Mrs. Alvin Friemel attended her sister as matron of honor, and Shirley Albracht, cousin of the bridegroom, was bridesmaid. Virginia Friemel, niece of the bride, was junior bridesmaid, and Nancy

Artho, niece of the bridegroom, was miniature flower girl. A nephew of the bride, Wayne Friemel, was ring bearer and as best man was Allan Brockman, brother of the bridegroom.

The matron of honor, whose gown was styled identically to the other attendants, was attired in a gown of coral nylon crystalline. The simple bodice, which had a boat neckline featuring a rolled collar and tiny capped sleeves, fitted above a daintily flaring skirt. Head-dresses were fashioned in a coronet design and accented at each point with a rhinestone. Coral pom-poms were attached to the attendant's muffs.

Royal blue was worn by the miniature flower girl.

Given in marriage by her father, the bride approached the altar in a full length, white brushed satin wedding gown bearing a cathedral train. The fitted bodice tapered to a petal point below the waist and featured full length sleeves ending in a pointed cuff below the wrists. A lavish scroll motif of iridescent sequins encircled the bodice yoke and pointed cuffs. The veil of sheer illusion highlighted with iridescent sequin designs was attached to a jeweled coronet.

Children of Mary Sodality, of which the bride was a member, presented a statue of the Blessed Mother to the bridal couple.

Escorted to the altar of the Blessed Virgin by Betty Hoffman and Anna Buecker, the bride placed a blue carnation before the statue and consecrated herself to the Blessed Mother by reciting the Sodality Consecration prayer. Background music of "Mother at Your Feet is Kneeling" was provided by the organist.

The bride is a 1955 graduate of St. Scholastica's Academy, Canon City, Colo., and the bridegroom is a graduate of Price College, Amarillo. He is employed as a bookkeeper at the Dawn Co-op elevator.

After a wedding trip to Fort Smith, Ark., the couple returned to their home in Umbarger.

Calvary Baptist Holds Revival

Revival services at the Calvary Baptist Church will be held Oct. 2 through Oct. 9 with the Rev. Davis Harrell, pastor, preaching. Assisting the pastor will be Roy Lee Jones, music and educational director of the Grand Avenue Baptist Church, Amarillo.

Weekday morning services will begin with a light breakfast at 6:30 a. m. followed by a song service beginning at 7 a. m. Evening services will begin at 7:30 p. m.

TIME FOR THE ARTS—Blobs of paint replace conventional hour markings on the plastic-glass artist's palette which is the dial of a modernistic clock shown at the Frankfurt Autumn Fair in West Germany. Bamboo "brushes" form feet for the table-top timepiece.

TEXAS HAS EVERYTHING

—Including mermaids. Listed on Davy Jones' roster as Barbara Stout, left, and Voncille Galloway, these delectable tidbits from rich fishing waters off Port Isabel, Tex., made their appearance aboard the winning boat in the parade held in connection with the annual blessing of the shrimp fleet.

Lions Club Hears Dr. Cornette

New West Texas State College faculty members were introduced at the Lions Club last week by Dr. James P. Cornette, who also discussed the position of the college.

"West Texas State College is in a favorable position," he said. "I don't know of any place where there is a sounder and brighter picture than there is right here." Dr. Cornette said the college has spent about \$2 million for buildings in the last seven years, and another \$2 million will become available from the state in the next three years for buildings.

He said that the appropriation per student for current operations runs about \$600 a year, also.

Dr. Cornette is expecting enrollment this year to be 20 per cent better than 1954, and as a long-term estimate, expects from 10 to

20 per cent increase each year. Faculty members introduced included Chris Gikas, David Mathis, Earl Eugene Stevens, Olen J. Lehman, Robert Bennett, James W. Pearson, Thomas D. MacOwen, Ed Kiser, Hollis L. Cook, C. O. Enlow, William David Compton, Normand Madore and Earl Hatfield.

Visiting the club was E. O. Hoover, Lubbock.

QUICK RELAPSE

An asylum patient who had been certified cured was saying goodbye to the doctor of the institution. "And what are you going to do when you go out into the world?" asked the director.

"Well," said the patient, "I have passed my bar examinations, so I may practice law. I have also had quite a bit of experience in college dramatics, so I might try acting."

He paused for a moment deep in thought. "Then on the other hand," he continued, "I may be a teakettle."

WARREN'S

Around the Town..

By Mrs. Clyde W. Warwick

Dr. and Mrs. A. K. Knott and the group they conducted for a tour of Europe have returned home. From Canyon the group included Dr. and Mrs. L. F. Sheffy, Mrs. S. B. Louder, Mrs. Clay Cooper, Mary Patricia Haley and myself.

We all had a wonderful time. The Knotts took care of all the details and left the rest of us free to enjoy ourselves. Much of the pleasure of the trip was due to the Knott's untiring efforts in our behalf.

We left Amarillo on the Santa Fe train. "The San Francisco Chief" which is about the "last word" in train comfort. It cruises along at 100 miles and more with the greatest of ease stopping and starting without a single jar or jolt.

It's ease and comforts are a revelation to those who have traveled trains in the old days.

We stopped over in Chicago long enough to make a tour of the city. We went into the "swank" residential section, the slums and visited the Elks' National War Memorial — a magnificent building with much beautiful carving over the doors and windows and beautiful paintings on the ceiling.

We were to wonder many times why so many beautiful paintings were placed on the ceilings of buildings. One has to turn your head back as far as possible to see these paintings and your neck always gives out before you have seen enough.

Dr. and Mrs. Knott, Mrs. Cooper, Mrs. Louder, Mary Patricia Haley and I took a side trip to Niagara Falls. We stayed on the Canadian side and had our first taste of being "foreigners."

From here on WE were the "foreigners" until we returned to the U. S. A.; a strange sensation to all of us.

We visited the Falls in the afternoon and returned at night to see the magnificent view of the Falls lighted. Starting with white the lights ranged through red, blue, purple, green and pink making a beautiful fairyland.

Equally as wonderful was the carillon recital which played during the lighting of the Falls. The largest bell of the carillon weighs ten tons, the smallest nine pounds. The other 55 bells range in size from this large one to the smallest. The clapper on the largest bell weighing 325 pounds.

We saw the famous hydro-floral clock which was inspired by the original floral clock in Edinburgh, Scotland, but is three times larger than the one in Edinburgh. Twenty-four thousand colorful plants make up the design of the clock face which has an area of 1,130 square feet.

After frost the plants are all lifted and the face made up of white limestone and pink granite.

Now it has a row around the outside of a low growing light green sage, then a row of ornamental pepper, Joseph's coat, hen and chicken all massed and

trimmed perfectly. It is surrounded by a moat in which water lilies grow and many colored fish live.

At this time the clock was decorated with the Royal Coat of Arms, the Maple leaf which is Canada's national emblem, the Canadian Flag and the Boy Scout Emblem.

These four designs worked out in their natural colors with flowers marked North, South, East and West on the clock face. The park, which is 35 miles long, was given to Niagara, Ontario, by Sir Harry Oaks and is a wonderland of smooth, green lawns, rock gardens, lily ponds, terraces, flower beds, trees and shrubbery.

They use many begonias. A different one than I have ever seen, with leaves as red as it blooms and growing in full sunshine. Massed, they make a beautiful sight.

They use thousands of these and red geraniums. Many of the trees in the park are trimmed off the ground to a height of about six feet and the tops trimmed to form a hedge.

We were to see many trees trimmed in this shape and other ways of training trees which we found interesting and beautiful.

We drove up the Niagara River to the Whirlpool, saw Sir Harry Oaks' beautiful estate and watched the river as it makes its gradual drop of 51 feet before it reaches the Falls.

The water rushing over the many rocks makes a beautiful sight.

In 1918 a huge steel scow broke from its tug boat and grounded in the river. It has never been possible to reach it. The water where it grounded on the rocks is a wild fury which holds the scow and makes rescue impossible.

The Horseshoe Falls on the Canadian side are 2600 feet wide, the American Falls 1000 feet wide. The Canadian Falls drop 162 feet the American side 167 feet. The Canadian is larger but not more beautiful.

The word Niagara is Iroquois for "Thunderer of the Waters."

Most of the land around Niagara is under cultivation. We saw large orchards of peaches, Windsor cherries, the large dark red cherries, we call Bing cherries. The trees were loaded with ripe cherries. There were many grape orchards. The grapes are used mostly for wine. We were surprised to find their season is earlier than ours. At this time, July 13, they had ripe peaches and tomatoes.

We saw many Holstein cows and they sell milk in machines like we sell bottled drinks. We saw much land that grows what looked like meadow hay. They had cut it and it was on the ground in bales. Quite a bit of tobacco is grown here.

The greatest crop around Niagara is tourists, over 2,000,000 people visit the falls annually.

We left Niagara for Montreal, where we boarded the Waterman for England. Montreal is the largest city of Canada. It has many magnificent cathedrals. We had time to visit a few before we

DUCK SOUP—That's what it is for the gosling, even though it might have been a nice snack of dog food for the pup. Despite his sad expression, the two are really fine-feathered friends. They're pets of the Marshall Kindy family, of Grand Rapids, Mich.

sailed.

We were all surprised to find this part of Canada as thickly populated as it is. Montreal is a city of 1,500,000. Toronto has 1,000,000, and we passed many cities which we judged to be the size of Plainville.

It was in Niagara we encountered for the first time the European system of measuring distances. We asked how far Niagara Falls was from our hotel and were told it was a "ten minute walk."

It took us 30 minutes to make this "ten minute walk." All through Europe when we asked distances we would be told it was "A 10, 20 or 30 minute walk." Even after we found our walking legs we were never able to walk these distances in the time given.

Even on bus drives they would say, "It is a two or three pence or a one or two schilling ride on the bus."

Their streets are not laid out in straight lines like ours are, making it impossible for them to measure distances by blocks.

We found one of the greatest pleasures of touring Europe was learning to walk again. We walked miles and soon learned to enjoy it. All of us decided we would walk from now on, however, as far as I know, Mrs. Louder is the only one who is walking.

Julien C. Hyer has a way of saying things so beautifully. In the following verse he has expressed my ideas about old age... that is, if there is any longer such a thing as old age.

Old Age. "The hoary head is a crown of glory if it be found in the way of righteousness." Prov. 16:31.

"Another birthday has just gone... And I pray as I travel on... To old age, Lord, that I shall keep... My sense of humor and a heap... Of tolerance for younger folk... And not regard old age a yoke... O, keep my faith and spirit young... Let me have friends to live among... And let old age be sweet and bright... And peaceful as an Arctic night."

Mrs. Robert West of Oklahoma City has been visiting with her parents, Mr. and Mrs. Ben Louder and her sister Lucy Joe Louder.

The following beautiful tribute to Mrs. J. A. Hill, written and published by Deskins Wells in his newspaper, The Wellington Leader, came to my desk while I was gone.

"A truly great lady passed away last week when Mrs. J. A. Hill of Canyon died. She was a mother to hundreds in the days when I was a student at West Texas State, and I presume that she has been like a mother to thousands since that time. She was great in council and kindness to the homesick boys and girls who seemed to be having a little trouble in adjusting themselves to college life. She had a way of making young people feel at home, and undoubtedly it was her influence that helped give the college at Canyon something that was as invigorating as the smell of fresh turned sod in the spring and that was as clean as the first norther in the fall."

Light Disease Study in Book

COLLEGE STATION—Photosensitization, a disease produced as a result of the reaction of light-colored skin to sunlight after a sensitizing subject or agent has been absorbed through the animal's system, is the title of a joint Texas Agricultural Experiment Station and Extension Service publication.

The new bulletin number 812 is available at the offices of county agents or from the Agricultural Information Office at College Station.

Basis for the publication is a study which has been under way for three years with more than 50 pastures in 30 counties included. The area studied extends from Atacosa county to Wharton county with experimental feeding done in DeWitt and Wharton counties.

The authors report that all outbreaks of the disease studied occurred on pastures with a high percentage of annual grasses and weeds and a low percentage of good perennial grasses. Spring and summer are seasons of the most serious outbreaks.

Each outbreak in the studies fitted in a definite climatic-plant growth cycle. Most outbreaks have occurred within two weeks following rain and during periods of rising temperatures. Outbreaks have occurred in Brazos, Polk, Jasper counties in East Texas and several counties on the Rio Grande Plain.

While the disease is seldom fatal, monetary losses are due to loss of weight, damaged udders and secondary infections. No specific treatment is known and symptoms must be treated as they appear.

Preventative aids include an intensive range improvement program for the problem pastures to include reduced stocking, deferred or rotation grazing and conservation practices and planning to develop a high percentage of desirable perennial grasses. Also listed are suggestions for treatment of affected animals.

Bowling League Will Have First Meeting

All women interested in bowling this season are requested to meet at the bowling alley Oct. 2 at 4 p. m., according to Ruth Shero, secretary of the Palo Duro Bowling League.

The United States Public Health Service recently announced that the peak polio season has passed for this year. New cases are expected to decline in number until next summer.

Senator George, 77, rejects suggestion he retire.

Crochet Work Wins at Fair; To be Entered in Nat'l Contest

By DOVIE KEENE
New York and the national crochet contest is the immediate objective of Mrs. John Williams, who captured the first place crochet award for the fourth consecutive year in the Amarillo Tri-State Fair this past week.

At the end of the fair last Saturday night, Mrs. Williams gathered up her blue-ribbon, white tablecloth and gold cup.

Both Mr. and Mrs. Williams designed the winning tablecloth, and it took an entire year to make it. The 49 square inch cloth is a delicate leaf and flower pattern. One-third of a mile or 17 balls of 70 DMC French imported thread were used.

The tablecloth will be sent to New York and placed on display for the beginning of the contest Nov. 12. If it qualifies for a blue ribbon, Mrs. Williams will fly to New York and be the guest of the fair personnel.

Shower Honors Evelyn Irlbeck

Evelyn Irlbeck, bride-elect of Henry Leven, was feted with a personal shower Sunday afternoon in the home of Ben Buecker.

Corsages of white carnations were presented to the honoree, her mother, and the mother of the prospective bridegroom.

Carrying out the bride's chosen colors of blue and white, the serving table was laid with a white lace cloth centered with a sunburst arrangement of autumn dahlias.

Punch, ladled from a crystal bowl, nuts, mints and cakes in the chosen colors were served to 45 guests by Mrs. Max Koch, Miss Elsie Buecker, Miss Annie Buecker and Miss Irene Leven and Miss Lorraine Leven.

Umbarger News

Albert Fischbacher Jr. from the Air Force Base at Roswell, N. M., is visiting his parents, Mr. and Mrs. Albert Fischbacher.

Mr. and Mrs. Eddie Wieck and family were afternoon guests in the John Wieck home.

Mr. and Mrs. Leo Artho and family were supper guests in the Conrad Westhoff home.

Willie Kenneth, Gracie and Andy Artho spent Sunday afternoon with the John Wiecks.

Mr. and Mrs. Dennis Brandt spent Sunday with Mr. and Mrs. John Batenhorst and family.

Mr. and Mrs. Ben Koch and family, Mr. and Mrs. Isidore Rinehart and family were afternoon guests Sunday in the Sylvester Batenhorst home.

Mr. and Mrs. Charles Friemel and family visited Sunday with Mr. and Mrs. Norman Gilmore in Amarillo.

Harry Friemel, Joyce and Frankie visited in Colorado during the week.

Mr. and Mrs. Carl Kluesken and family were dinner guests in the Max Hoffman home.

Mr. and Mrs. Dennis Noggler and Mr. and Mrs. Joe Meyer spent Sunday evening in the Alford home.

Mr. and Mrs. Paul Artho and family spent Sunday evening in the John Wieck home.

Mr. and Mrs. Robert Brockman visited Sunday evening with the Alvin Friemel family.

Mr. and Mrs. Carl Frische and John Brandt home were Mr. and Mrs. Joan were Sunday evening callers.

"The competition is great as the judges will have to inspect thousands of entries from all parts of the nation," says Mrs. Williams.

In Mrs. Williams' award collection are 45 ribbons with 35 of these first place. Ribbons from the Missouri State Fair, Texas State Fair, and Tri-State Fair are among them.

Mr. and Mrs. Williams, who live at 1007 1st Ave. ride several hobby horses. Williams not only designs crochet patterns but does drafting and made the blueprints for their new home. In addition to crocheting, Mrs. Williams sews, quilts,

cooks, and collects art and antiques.

For instance, in this year's fair she received first place ribbons for mince meat pie, a doily and gingerbread, and a second division ribbon for homemade soap.

The couple moved to Canyon in 1949 from Hot Springs, Ark. A registered nurse, Mrs. Williams worked at Neblett Hospital and her husband began working as a carpenter for the WTSC maintenance department.

They are members of the First Baptist Church where he is a deacon.

TAKE A GOOD LOOK, BOYS—It's the last time you'll see Sharon Kay Ritchie, Miss America of 1956, pose in a bathing suit until next year. The Denver, Colo., college sophomore says "there is nothing queenly about cheesecake pictures," and that this trip through the surf at Atlantic City, N.J., is the final one until she poses with the next crop of beauties when next year's queen is selected.

Youth Center Is Dedicated Sunday

"A dream for the young people of this college has come true with the opening of the Christian Presbyterian Student Center," Dr. Newton Robison of Amarillo said in the dedicatory message Sunday afternoon.

Dr. Robison told nearly 100 persons at the service, "We have dreamed a dream, a dream that the lives of the young people on the campus might be changed and blessed by the means of a Christian student center. Congratulations to all those who have had a part in building this center."

Don Bauer responded for the students and commented on the amazing change in the building. "Having seen this building as it previously was, it is amazing to see how it was changed to the beautiful spot it is now. We are all very proud of it."

Leading the litany of dedication was Rev. T. Winston Wilbanks and the dedicatory prayer was by Rev. Win Matsler.

Joanne Hill sang a solo, "Bless This House," following a congregational hymn, "In Christ there is no East or West." Playing the piano was Mrs. Lee Foster.

in the Raymond Batenhorst home.

Sunday afternoon callers in the John Brandt home were Mr. and Mrs. John Vorwald and family.

A.A.U.W. Gives Fall Tea Sunday

A fall tea was given in the home of Ruth Cross Sunday by the Canyon Branch of the American Association of University Women honoring the potential members of the branch. Miss Cross and Mrs. Lowell Harrison, president, greeted the guests.

Mrs. Clay Cooper, Elizabeth Cox and Katie McCluney carried out the fall theme throughout the entertaining rooms by the use of autumn colors and textures.

The serving table was centered with a lovely arrangement of mums and fruit in a golden bowl on a brown cloth dotted with leaves of every hue. A dark cake with a gold and brown frosting further carried out the theme.

Mrs. Dan Sanders and Miss Gladys Armstrong presided at the coffee service with Miss Cox and Miss Ima Barlow assisting in the dining room. Mrs. Charles Harter and Mrs. George Blackwell were in charge of the kitchen.

Approximately 40 women enjoyed the opportunity of meeting new people and visiting with friends.

Next meeting of the A.A.U.W. will be held Oct. 3 in the auxiliary auditorium of the First Baptist Church. Every woman holding a degree from an accredited college is cordially invited to attend and become a member of the Canyon Branch.

For more information a potential member may call Mrs. Lowell Harrison, Mrs. Cecil Simms or Mrs. Lee Gilmore.

Cardettes Hostess Is La Von Fassauer

Hostess to the Cardettes Sept. 13 was La Von Fassauer.

Refreshments of pineapple, Bavarian cream, cookies and coffee were served to Nelda Jo Hand, Betty Davis, Mary Ann Currie, Jane Harding and the hostess.

PASSWORD
"Now, remember, Pat," said a sergeant to an Irish soldier, "the password is Saxe — after Marshal Saxe, you know."

"Shure," said Pat. "O'il never forget it. Wasn't my father a miller and my uncle a coalman?"

Later in the day, the Irishman was challenged. "Bags," he replied.

NO LIMIT
Tailor — About that little bill of yours, sir, when can I hope for payment?

Slowpay — Always.

A special message to all residents of RANDALL COUNTY

The special county-wide enrollment campaign in

Union Bankers Insurance Company's world known ACCIDENT, HEALTH & HOSPITALIZATION PLANS

Will Begin Oct. 3 thru Oct. 17th

Within the next few days your county enrollment officer will be at your door. Be ready to discuss this outstanding insurance program with him. He will give you a complete analysis of the Union Bankers plans, but he cannot call back. Your county enrollment officer has an obligation to contact you personally, and you have an obligation to yourself and your family — to investigate this wonderful protection available under this county-wide enrollment program.

DUNNE'S INSURANCE REPORTS

THE LARGEST POLICYHOLDERS REPORTING SERVICE IN THE WORLD, HAS AWARDED UNION BANKERS' PLANS THEIR

Delight the Bride With Gift of All-Purpose Coffee Service

BY EDNA MILES

FOR the average bride, picking a coffee service is an affair as complicated as picking a silver pattern or her china. Sometimes, it's true, doting relatives solve the problem by handing over a family heirloom.

Even this may be unsatisfactory. Georgian silver is somehow not suitable in a modern, three-room apartment. Knowing this, one well-known silver house has brought out a modern hot beverage service that's equally good for coffee, tea or hot chocolate. It's matched to the contemporary design of a recently introduced line of flatware so that a bride may solve both problems easily.

Modern adaptation of rattan is used as insulation on handle of the beverage server. Sugar and cream are somewhat smaller than those in the usual traditional tea services. There's a matching tray with sweeping lines that form easy handles for service.

A bride may buy all four pieces at once or each piece separately. Or, she may simply tell friends and relatives that this is the set she wants and let them take over.

Hollow ware in the contemporary manner, this service, for coffee, tea or chocolate is matched to a new flatware pattern.

Little Theater To Open Season

"The Remarkable Mr. Penny-packer," a hilarious three-act comedy of the late 1800's, is being presented by the Amarillo Little Theater. Directed by Mrs. Oma Link Rowley, the first production of the season is to be Oct. 4-6 at the Municipal Auditorium.

Curtain time is 8:30 p. m. Leading roles are played by Dr. Wendell Cain as Pa Penny-packer and Mrs. Howard Lynch, Mrs. Penny-packer. The cast also includes three Amarillo High School students: Joe Shirley, Carol Craig, and Bill Graham.

For ticket information contact Ann Howell, DR4-1293, Amarillo. Proceeds will go toward the completion of the new building.

Automobile sales terms seen likely to hold.

Mrs. Hildreth Talked To Pleasant-Jo 4-H

Mrs. Mona Hildreth, Randall County Home Demonstration Agent talked to the girls of the Pleasant-Jo 4-H Club Sept. 15 about good grooming. She gave a demonstration on the correct way to sew on buttons, snaps, hooks and eyes. Norma Henderson was hostess to the group.

Patsy Robinson, president, presided over the business meeting. A new member, Jean Robinson, was welcomed into the group.

Refreshments of punch and cookies were served to Judy Wilson, Sharon and Peggy Cranmer, Elizabeth Haynes, Kathryn Winstead, Patsy and Jean Robinson, members; and Mrs. Hildreth, Mrs. A. B. Haynes Jr., Mrs. E. L. Cranmer and Leta, Mrs. Joe Winstead and Brenda and Mrs. Roy Henderson, guests.

Elizabeth Haynes will be hostess at the next meeting on Oct. 5.

Ag Servicemen Go to School

COLLEGE STATION—During the period, Sept. 1, 1954-Aug. 31, 1955, 146 employees of the Texas Agricultural Extension Service attended college to get information which they believed would be valuable in their work with farm families.

Extension Director G. G. Gibson in making the announcement, said most of training was taken in the special fields offered at the land-grant colleges and universities for extension workers.

Texas workers were enrolled at the University of Arkansas; Colorado A. & M. College; Cornell University; Iowa State College; North Carolina State College; Stephen F. Austin State College; Texas A. & M.; Texas State College for Women; Texas Western College; University of Texas; Prairie View A. & M. and Texas Southern University.

Director Gibson said this large number of people receiving professional training indicates real interest on the part of Extension workers in improving their professional abilities which in turn means more efficient and effective demonstrations and programs of work in the counties and state.

A breakdown of attendance by jobs shows 71 county agents; 57 home demonstration agents and 18 staff members.

Another group of 126 county agricultural agents and assistants received training in irrigation, sheep and wool and soils.

These training sessions required less than one week and were held at College Station, Canyon and Junction.

No college credit was given for the courses but the training will be of great value in the counties, said Gibson.

Variety Ring Meets To Work on Quilt

Members of the Variety Ring Club will meet Wednesday and Thursday afternoon in the American Legion Hall to quilt a quilt. The pieces have already been prepared. The completed quilt will go either to Girlstown or Boys' Ranch according to the wishes of the majority.

AND OTHERS

In a fashionable girls' school in New England the history teacher was telling the story of the settlement of the country.

"Miss Cabot," she said, "can you tell me who came over in the 'Mayflower'?"

"Yes," said the girl, "I can, my ancestors and a few other people."

GUESS WHO?—Strong soldiers are reduced to whimpering bundles of nerves when this GI answers the phone at the 599th Army Postal Unit, stationed at Poitiers, France. When they ask, "Who's speaking?" they get the tempering answer, "Guess." That's the GI's name—he's Specialist Third Class Don J. Guess, of Hickory, N.C.

Wayside News

The Rev. Joe Leatherwood filled his regular appointment Sunday to a fair crowd. Mrs. Leatherwood accompanied him and they were dinner guests in the Willie Modisette home.

Dinner guests with Mrs. Amanda Adams and Charlotte Adams last Tuesday were J. W. McCrerey, his three daughters, Mrs. Marvella Long, Mrs. Ruth Gidden and Osce McCrerey, and Mrs. Long's daughter, Mrs. June Dugan and three children, Donna Ruth, Billy Earl and Glenna Faye, all of Canyon.

Several from Wayside attended the Tri-State Fair at Amarillo during the week.

Dr. J. A. Hill and Dr. Ford Fronabarger of Canyon were visitors in the Leroy Roberts home last Sunday afternoon.

Mr. and Mrs. Nola Mack Stockett and his mother, Mrs. Arnold Helms, were callers in the W. R. ett home one day last week. They were from Claude.

WCS met at Wayside Sept. 13. Patricia Kiker was program chairman. Mrs. Tom Trostle gave a book review on "The Revolutionary Faith" by Shacklock. Others present were Mrs. Guy Watson, Mrs. Joe Leatherwood, Mrs. Leroy Roberts and Mrs. Melton McGehee.

Mrs. Bertha Mahler is visiting relatives in Hutchinson, Kan. She made the trip by air.

Mrs. Bessie Lane spent Thursday night in the William Payne home in Clarendon and left there Friday morning for Wichita Falls to visit other relatives.

Mr. and Mrs. Willie Modisette, Royce, Marian and Fay, Mrs. Elvin Scroggins, Elvin Jr. and Lindsay, were shopping in Canyon and Amarillo and also attended the fair last Wednesday.

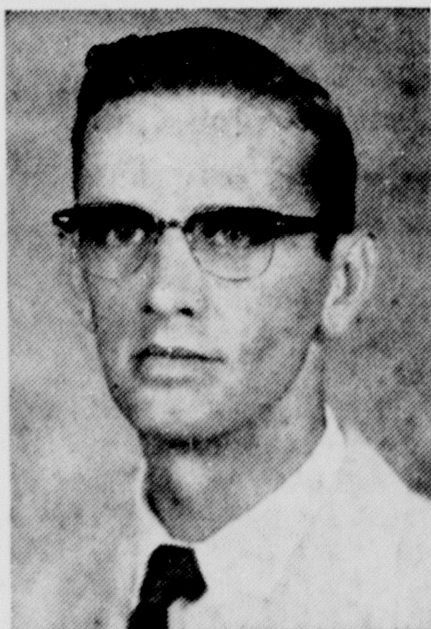

SCD Election Slated Tuesday

The election of a supervisor in Subdivision No. 2 of the Randall-Potter Soil Conservation District will be held at the Randall County Farm Bureau building Tuesday at 7:30 p. m.

A film, "Return to Eden," will be shown before the election. This film, by Allis-Chalmers, gives some facts about a soil conservation district. Everyone is invited to attend and see the movie.

The election of supervisors is held the first Tuesday in October throughout all Soil Conservation Districts in Texas. The supervisor elected will serve five years.

Soviet makes plans for a big tourist increase.

DAVIS HARRELL
Pastor Evangelist

Fairview Breezes

We have been having showers here this weekend.

Mr. and Mrs. Frank Rogers, Mr. and Mrs. Don Stoneberg and Gerry, and Mr. and Mrs. Gordon Foster, Jack, Paulann, Art and Connie, all went to Brownwood Friday to a Miller reunion. They expect to return home Sunday.

Those attending the Tech-TCU game from this vicinity were Mr. and Mrs. George Dinny, Mr. and Mrs. Jack Sutton, Mr. and Mrs. Woodrow Wesley, Mr. and Mrs. J. W. Wesley and Mrs. L. G. Airhart.

Arlen Wesley was injured in the Tech game at Austin the previous Saturday and had to have his leg put in a brace. As it wasn't healing properly he was unable to participate in the game Saturday.

Mr. and Mrs. G. E. Wesley, Lavena Amerson and Mrs. Woodrow Wesley attended the junior football game Thursday afternoon between Happy and Canyon. Bowie Wesley and Gene Shipman are members of the Happy junior ball club.

Truett Collier took over duties of the Sunday School Sunday morning and we urge everyone to come out and give him your support.

Oscar Read has been on the sick list and James called the doctor for his mother Saturday.

Mrs. Ora Evans is convalescing at her home in Happy after her recent operation.

The G. E. Wesleys are taking care of the Rogers' chores while they are attending the reunion.

Mrs. Woodrow Wesley was in the John Patterson home Wednesday.

Mr. and Mrs. E. M. Wilson and Mrs. Charles Wilson all went to Muleshoe one day last week to get canning tomatoes.

The Rev. Earl Landtroop visited Sunday in the G. E. Wesley home.

It is still cloudy and misty in our vicinity.

Farm Bureau Has Membership Drive

The Randall County Farm Bureau is staging its annual fall membership drive this week. The drive ends Friday.

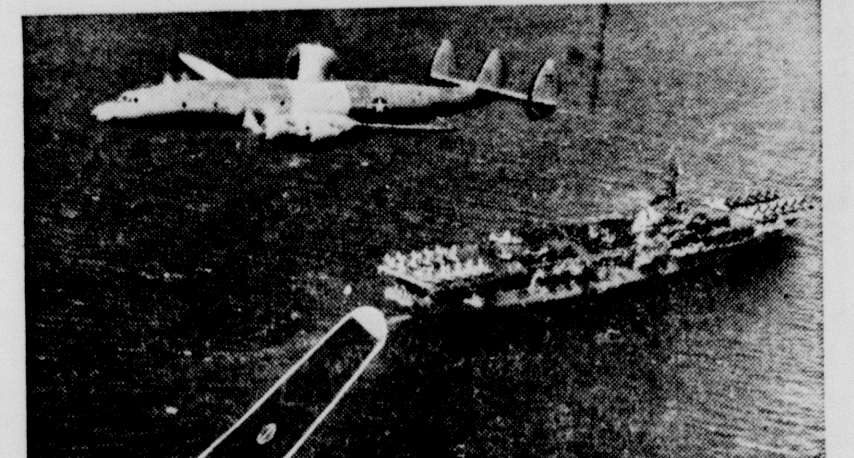

During the drive, all persons in Randall County who make a living from the soil will be given an opportunity to join with their neighbors in the Farm Bureau.

Since its beginning in 1919, the Farm Bureau has been striving to obtain and maintain a higher standard of living on the farm and ranch.

It has had many notable successes on both state and national levels. Altogether, the American Farm Bureau has been responsible for passage of more than 200 pieces of national legislation beneficial

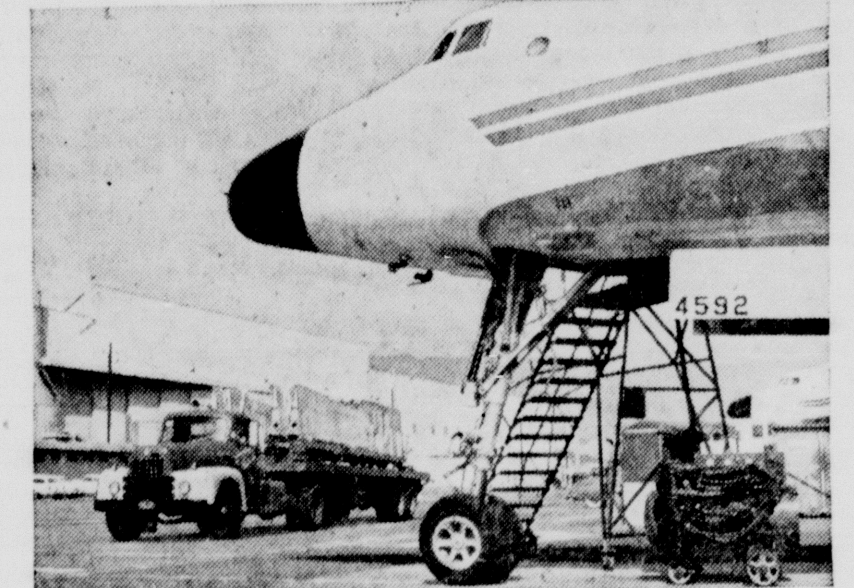

Mighty Lak a Bird

MILLIONS of parts, thousands of tons of delicate and complicated machinery, 11,570,000 square feet of area and upwards of 45,000 people on the job! That's what Lockheed Aircraft Corporation uses in producing aircraft ranging from bulged-top radar planes for military, below, to domestic airliners.

INSTALLING intricate electrical wiring system of luxurious Constellation is typical of tasks confronting company's workers. One of every five is a woman.

AT SPRAWLING California division plant in Burbank workers are often dwarfed by such production line features as three-bladed, 15-foot propellers on giant 66-passenger airliners.

CLOSELY LINKED with Lockheed operations is motor truck transportation. Its big trucks and trailers are more than transport vehicles—they are an extension of assembly lines that produce components of aircraft. International trucks, like that shadowed above by Constellation's nose, virtually tie company's three California factories together.

to agriculture. It has helped defeat many bills that would have been harmful to agriculture.

On the state level, the Texas Farm Bureau has also helped state agriculture through its legislative program. The state farm organization was responsible for the passage of the present rural road program. It has also been able to obtain and retain the tractor gas refund.

As an individual, a farmer or rancher has no voice in helping run his industry, the Farm Bureau says. Joining with his neighbors in a strong organization magnifies his voice many times.

Bonn has told Moscow that Chancellor Adenauer would travel to the Soviet capital Sept. 9 to negotiate an agreement on diplomatic, economic and cultural relations.

Doctors, Druggists Report on Vaccine

AUSTIN—Pharmacists and physicians are key people in the State Health Department's intricate plan for insuring fair distribution of still-scarce polio vaccine.

The plan moved into high gear this week as Texas' 2,700 pharmacists were sent vaccine usage to be filled out and returned at weekly intervals to state health officials as a means of keeping tabs on every dose of the vital vaccine that is administered to a child of priority age.

"Priority age" is under 10, and pregnant women. It means that only persons in these categories will be eligible for shots. Health Commissioner Henry A. Holle said the priority group was extended from five to nine bracket because health department records show that the younger age group is most susceptible in Texas.

Best estimates of the number of eligibles set the figure at 2,185,095. Of that number 1,942,645 are children under 10. Both figures are based on a statistical analysis of the state population as a whole.

Here are the mechanics of the plan as established by Dr. Holle on recommendations of the State Polio Advisory Committee:

Vaccine manufacturers, by mutual agreement, will sell only to retail and wholesale pharmacists, rather than directly to physicians. Physicians will requisition from druggists on forms supplied by the State Health Department.

The forms, together with a summary of all vaccine distributed to local purchasers, will be forwarded each week to the Communicable Disease Control Division at the State Health Department. Division personnel will use the information to keep a running check on where the vaccine is going, and to do epidemiological studies on polio.

For the present, health department planners have decided to retain 17 per cent of vaccine shipments for public use, while 83 per cent will be released into normal commercial channels. These percentages are subject to change as conditions warrant, Dr. Holle has stressed.

Limited amounts of vaccine, part of the 17 per cent being held for public use, have already arrived at the State Health Department. Distribution to local health officials will begin after Oct. 1, upon local request.

National authorities anticipate that the necessity for tight controls over the vaccine will end this winter.

"But until it does," Dr. Holle said, "cooperation between physicians, pharmacists, state and local health officials and the general public is imperative if vaccine is to go to those who need it most."

August crop estimate promises record farm output.

News In Canyon 25 Years Ago

(Taken from the files of The Canyon News of Sept. 25, 1930)

Enrollment at West Texas State Teacher's College was 651, some 14 better than in 1929. President J. A. Hill said a good year was in prospect.

The Canyon Eagles lost to Borger High School by a score of 6 to 0. The next scheduled game was with Pampa, after a week layoff.

Class officers were elected at Canyon High School. On the slates were:

Seniors—Nancy Strain, president; Hosea Foster, vice president; and Sybil Gidden, secretary-treasurer.

Juniors—Kayte B. Lowe, president; Tyson Cox, secretary-treasurer; and Willard Middleton, chairman.

Sophomores—D. B. Pearson, president; George Brasuel, vice president; Marie Landress, secretary; and Margaret Tankersley, treasurer.

Freshmen—T. B. Slack, president; Alton Brasuel, vice president; Armour Lee Greenfield, secretary; Francis Elliston, sergeant at arms; and Eugene Davis, treasurer.

The People's Store advertised house dresses for 98 cents, dress shirts for \$1 and ladies shoes for 98 cents.

Academy Tests Held Nov. 14

Sen. Lyndon B. Johnson has announced that Civil Service examinations for Texas boys seeking appointment to the Army, Navy and Air Force service schools will be held Nov. 14 at 71 cities and towns throughout the state.

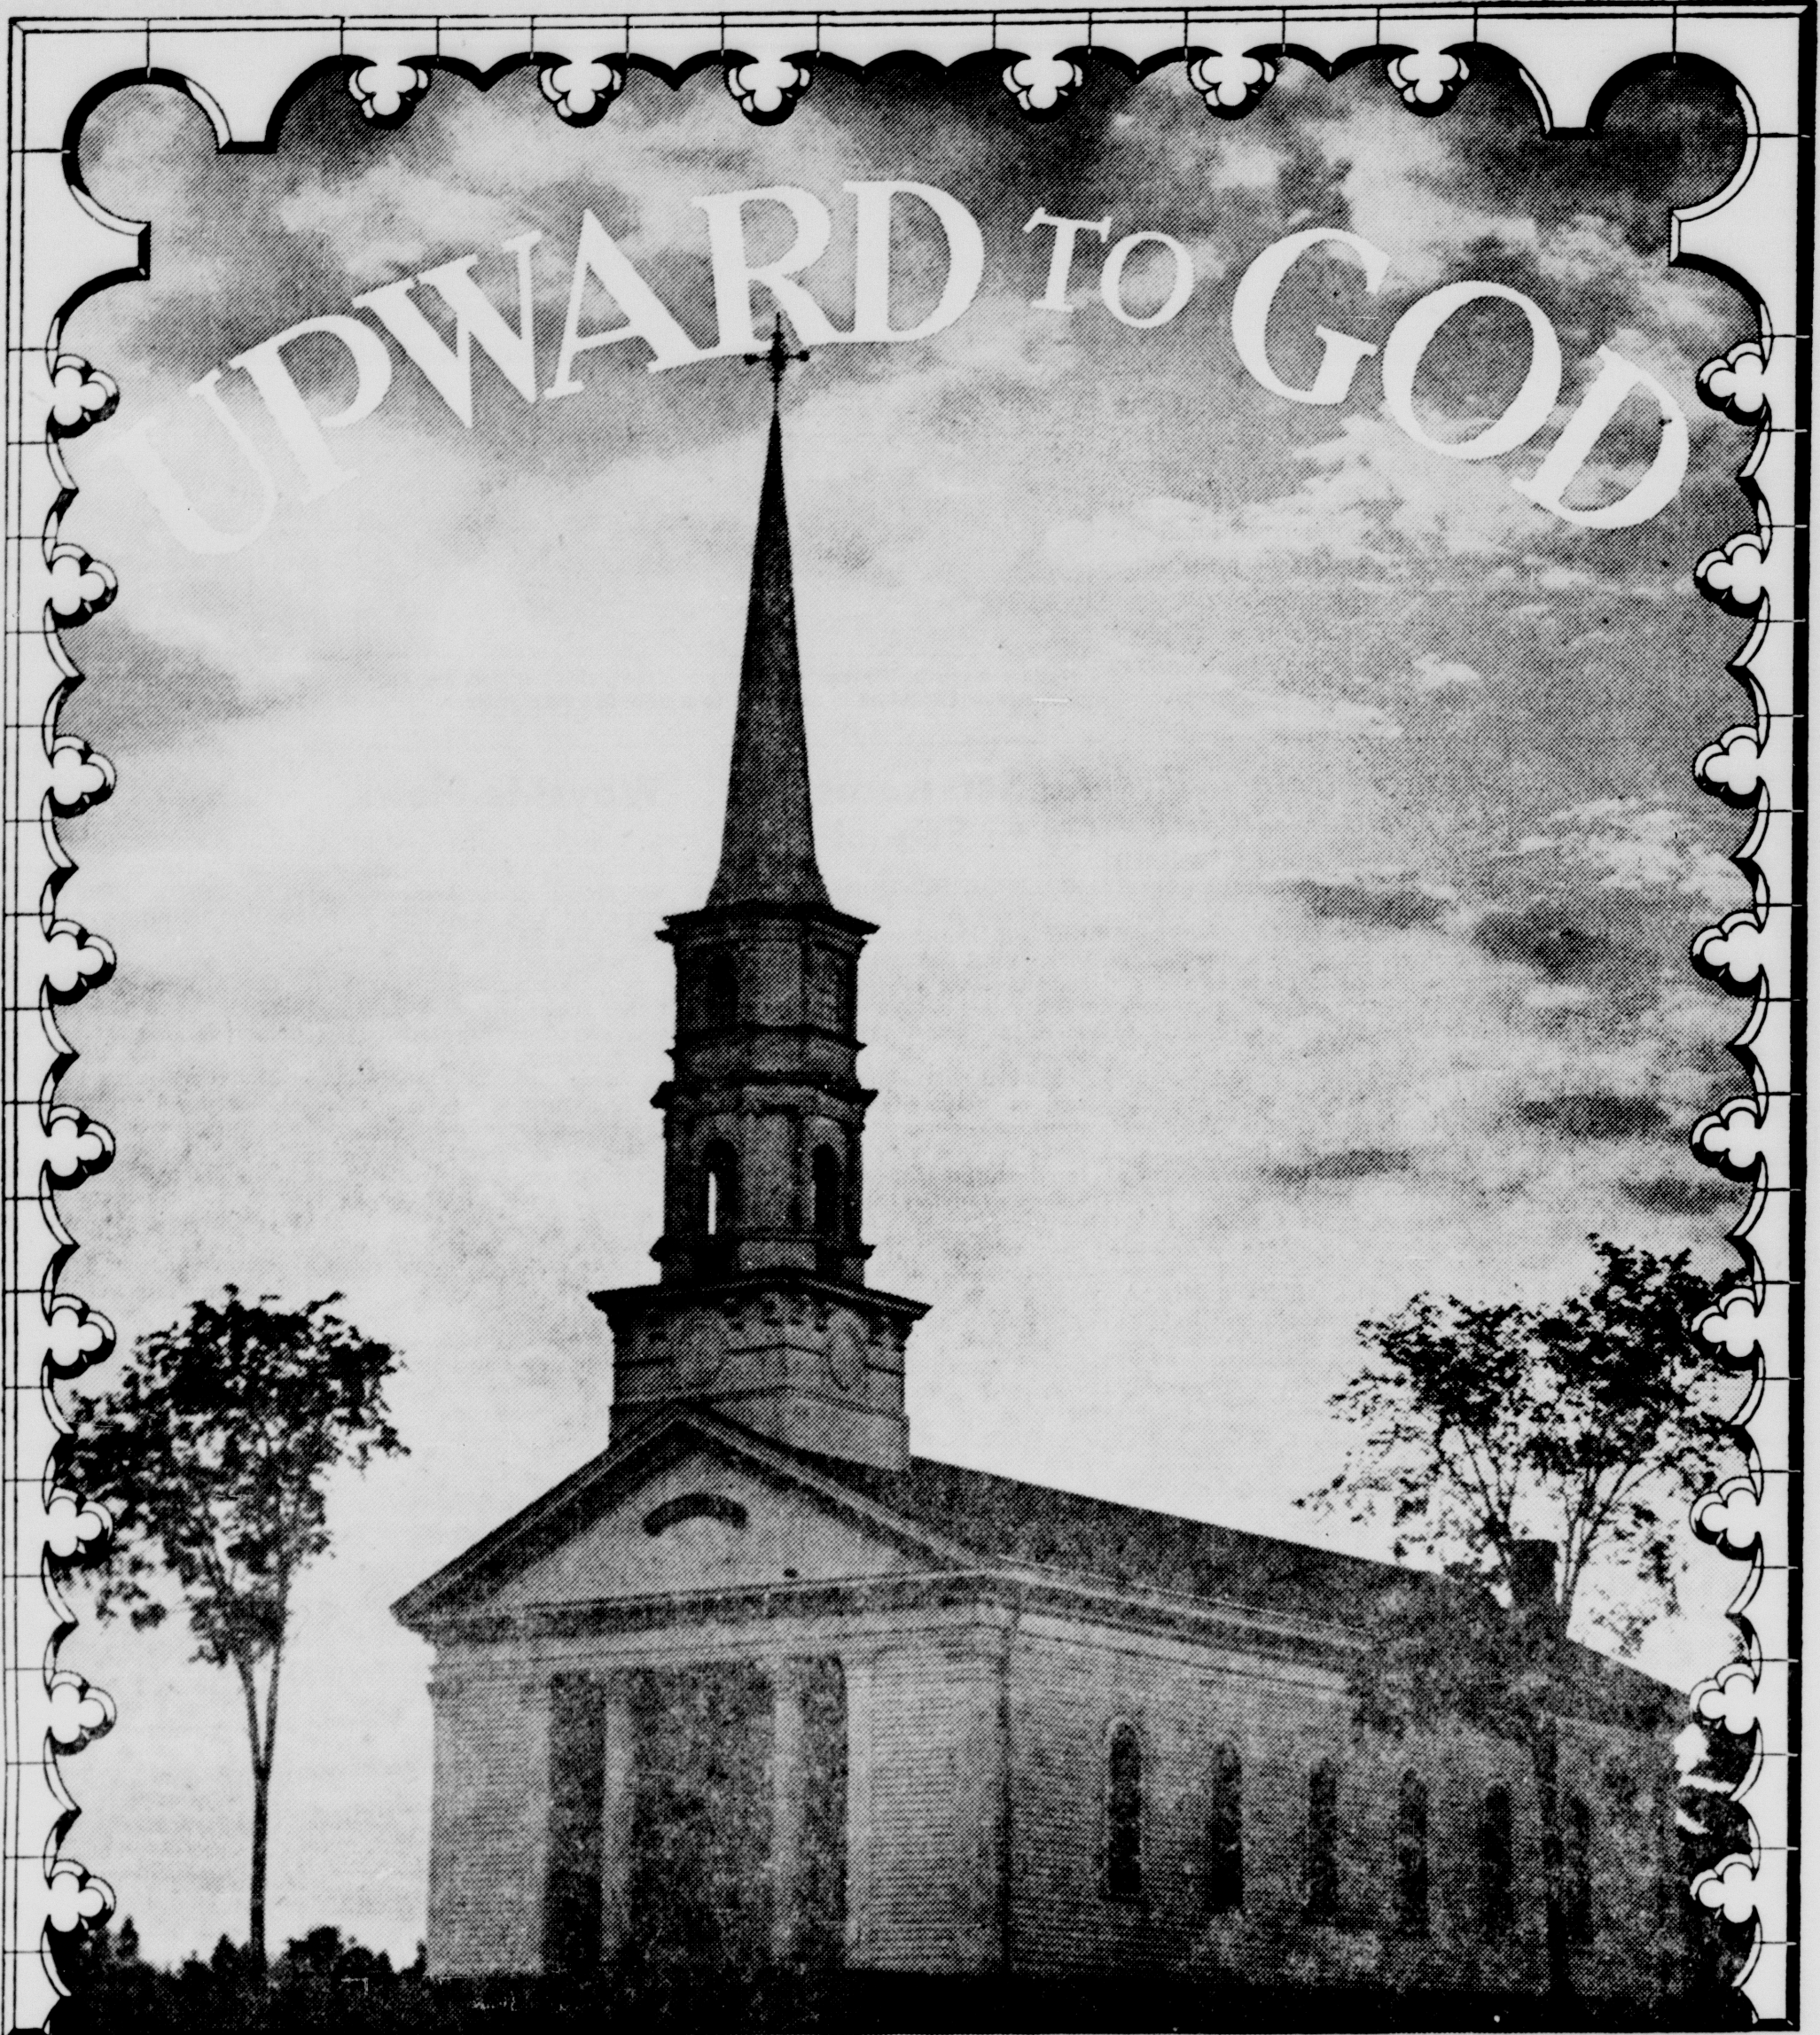

Sen. Johnson uses the results of these examinations as a guide in making his appointments to the military academies.

Entrance requirements vary, but all three academies require that appointees be United States citizens. In the case of applicants to be considered by Sen. Johnson, they must be residents of Texas.

They must be between the ages of 17 and 21 years upon entry, must be single and must pass a rigid medical examination and a physical aptitude test.

Candidates for the Air Force Academy must be able to pass the medical examination for flying training and a pilot aptitude test.

Persons interested in taking the competitive examination on Nov. 14 are advised to write Senator Lyndon B. Johnson, Senate Office Building, Washington, D. C., not later than Oct. 15.

WHY A CHURCH STEEPLE? IT DOESN'T FLY A FLAG, IT PAYS NO DOLLAR DIVIDENDS. BUT IT POINTS UPWARD TO GOD, AND WE NEED THAT. THE CHURCH STANDS FOR FAITH AGAINST UNBELIEF; HOPE AGAINST DESPAIR; HONOR AGAINST TRICKERY; TRUTH AGAINST FALSEHOOD; FOR GOD AGAINST SIN. NEIGHBOR, YOU ARE IN A FAILING BUSINESS IF YOU ARE AGAINST THE CHURCH. CHURCH PEOPLE HAVE THEIR FAULTS BUT GOD CAN STRIKE SOME STRAIGHT LICKS WITH CROOKED STICKS YIELDED INTO HIS HAND. THE CHURCH STEEPLE IS THE CENTER OF LIFE IN EVERY COMMUNITY . . . ATTEND REGULARLY.

Maraschino Cherries Top Desserts With Taste-Treat

BY DOROTHY MADDOX

WHEN you want to make a fruit dessert look particularly colorful, use a few maraschino cherries to decorate it. These cherries, incidentally, have a delightful flavor and can be used as one of the ingredients, as well as a decoration.

Cherry-Peach Shortcake (6 servings)

One and one-half cups sifted, all-purpose flour; 2 teaspoons baking powder, 3/4 teaspoon salt, 1/4 cup shortening, 1/2 cup milk, 1/4 cup chopped maraschino cherries, well drained (about 10 cherries); 1 cup heavy cream, whipped; 2 teaspoons sugar, 1/2 cup quartered maraschino cherries (about 20 cherries); 3 cups sweetened, sliced peaches or drained, canned peaches.

Sift flour, baking powder and salt together. Cut in shortening with pastry blender or 2 knives until mixture is like coarse meal. Add milk and 1/4 cup cherries and mix well.

Turn out on lightly floured surface and knead gently. Roll or pat out to 1/2-inch thickness. Cut with floured 2 1/2-inch biscuit cutter.

Place on baking sheet and bake in very hot oven (450 degrees F.) 10 to 15 minutes, or until golden brown. Cool. Combine cream, sugar and 1/2 cup cherries. Mix well.

Cut biscuits in half and arrange peaches on bottom halves. Top with half of cream and remaining biscuit halves. Spoon remaining cream mixture over biscuits and garnish with whole cherries.

Cherry-Apricot Cobbler (4-6 servings)

One-quarter pound marshmallows (about 16 marshmallows); 1 cup water, 1 tablespoon cornstarch, 1 cup quartered maraschino cherries, well drained (about 40 cherries); 1 No. 2 1/2 can apricot halves, drained; 2 teaspoons lemon rind, 2 tablespoons lemon juice, 1 1/2 cups biscuit mix, 1/2 cup chopped walnuts, 1/2 cup milk, maraschino cherry halves.

Combine marshmallows and 1/2 cup water; cook over low heat until marshmallows are melted. Combine cornstarch and remaining 1/2 cup water; mix well. Gradually add to hot marshmallow mixture and bring to a boil; cook until thickened; stir constantly.

Add quartered cherries, apricots, lemon rind and lemon juice. Turn into 1 1/2-quart casserole.

Peach shortcake is topped with new interest when maraschino cherries are used to brighten this ever-popular dessert favorite.

Combine biscuit mix, walnuts and milk; mix until blended. Drop by tablespoonfuls on top of cherry-apricot mixture. Garnish with cherry halves. Bake in hot oven (450 degrees F.) 20 minutes, or until biscuit is golden brown. Serve warm.

BY LOUISE ALLEN

Outside our bedroom window the other morning, we noticed a small toadstool. These pop out from time to time, so we might have forgot about it if it had not grown so very fast. The second day it was twice its original size, and a companion stool stood nearby. By the fourth day, it had reached the size of a dessert plate and its running mate was plodding along a day or so behind. We half-expected to see a miniature Alice-in-Wonderland seated on it swinging her feet off the side.

By now it has stretched to its own limit, is no longer cupped around the edges, but has spread until the outer rim is torn. Today it resembles a meringue-covered pie that has browned overlong. And underneath, the dark-fluted lining has lost its delicate charm.

Toadstools, or mushrooms, or fungi, as they are variously called, are probably among nature's least understood freaks. We got curious about this one and went to the encyclopedia to find out how come and why. Best we could make out, our new specimen might be a pasture, or horse mushroom. The smaller ones that appear in our yard may be fairy-ring mushrooms, or else the death angel. We were entranced by the names of these fungus-type plants, which, the book says, have no chlorophyll of their own and feed on other plant growth. They may replenish themselves for hundreds of years. They may be edible or extremely poisonous, beautiful or hideous, and only an expert can distinguish between the good and the bad.

About all we got out of this research into the world of fungi was that we'd best never step on another one (that's just what they want us to do; it helps them

EXPLANATION

"I know why we shouldn't despise our enemies," said little Mary.

"All right," said the teacher, "tell us."

"Well, we ought to like what we've made."

HIS TURN

"Say 'ah'."

"But doc, I didn't come in to be examined. I want to pay my bill."

AUSTIN—Almost everyone is talking about farm prices.

In Austin before a meeting of 200 Texas Farm Bureau officials, the Indiana Bureau's president predicted a "depression that will make the 'thirties look like a picnic" if present farm policies continue.

At his Gillespie County ranch U. S. Senator Lyndon Johnson said the Republican sliding scale of parity lets "prices slide down and mortgages slide up."

In Houston Secretary of Agriculture Ezra Taft Benson retorted

in a speech before Texas Citrus and Vegetable Growers. Democrats, he said, left him a "neat package of carefully fused bombs"—falling prices and accumulating surpluses.

Substantial progress has been made, nevertheless, Benson said. Major strategy to help low-income farmers, he promised, is in the offering.

Drouth Aid Announced

Farmers in 22 South Texas counties are eligible to buy surplus feed grain at lower prices. President Eisenhower designated the counties as drouth disaster areas at the request of Gov. Allan Shivers.

Applications for relief grain will be taken through Oct. 15. Distribution through supervised retail outlets will continue until Nov. 15.

Insurance Overcharges Hit

A Texas Insurance Commission report claiming "millions of dollars" in excess charges collected by a New York automobile insurance company may touch off a nationwide investigation.

Commr. J. Byron Saunders reported Texas' findings at a zone meeting of insurance commissioners from six states. All indicated they would start inquiries.

Service Fire Insurance Company of New York overcharged, Saunders said, by putting policy holders

in a higher rate bracket than necessary. He reported that so far the company had refunded \$89,000 on the policies checked by the commission.

Attorneys for the company said that if there were excess insurance charges, they were offset by an undercharge on financing.

Service Fire Insurance Company handles policies for Universal C.I.T. finance company with which it is affiliated.

Vaccine Priority Changed

Texas children under five have been added to the priority group for Salk polio vaccine. In other states, only five to nine-year-olds are eligible.

State Health Department officials obtained special approval from federal authorities, as some 44 per cent of paralytic polio in Texas hits tots under five.

School Inquiries Set

Legislative subcommittee reports on school squabbles at Houston and Irving are due Oct. 21. Investigations are being made by two-member groups of the house general investigating committee. Rep. Wade F. Spilman Jr. of McAllen is chairman.

Suspension of a school administrator was the origin of difficulties in each town.

No Federal Interference

Federal authorities do not intend to interfere with Texas policing of racial problems. Such assurance was sent by an assistant U. S. attorney general to Texas' Attorney General John Ben Shepperd.

A Houston Negro organization had requested U. S. Attorney General Herbert Brownell to investigate the Texas Citizens Council. Shepperd sent a telegram advising that Texas enforcement agencies are able to take care of any Texas situation.

Water Problems Studied

Inform the people about Texas' water problem and money to solve it will be forthcoming. Max Starcke, manager of the Lower Colorado River Authority, so advised more than 100 experts at a Water for Texas Conference at College Station.

It will be a lengthy, costly proposition, he said.

Land Buyers Cleared

Honest deals sought under the veterans land program are gradually being cleared. A suspense order, invoked when investigations began, has been moved from 111 accounts. They were "made in good faith" according to Land Commr. J. Earl Rudder.

Another 1,400 accounts, representing a \$3 million investment, still are being checked.

Plaque for Early Newspaper National Newspaper Week in Texas will open Oct. 1 with a ceremony in Houston commemorating the role of the Telegraph and Texas Register in the Texas Revolution.

Russell W. Bryant, Italy News-Herald, president of the Texas Press Association, will present a bronze plaque to be used as a permanent historic marker.

Recipient of the plaque will be Mac Roy Rasor of Austin, president of the State Association of Sigma Delta Chi, professional journalism fraternity. The plaque will be placed in the museum to be erected at Washington on the Brazos.

UNFINISHED SYMPHONY

The village orchestra had just rehearsed the overture for the sixth time.

"Thank you," said the composer, who was also the conductor. "At last you have given me a true interpretation of my work."

"Gee!" whispered the man with the trombone, "that's queer, I've got two pages to play yet."

The Office of Business Economics of the Department of Commerce reported that foreign long-term investments in this country reached \$11,000,000,000, a record, at the end of last year.

More Comfort Wearing FALSE TEETH

Here is a pleasant way to overcome loose plate discomfort. FASTER, an improved powder, sprinkled on upper and lower plates holds them firmer so that they feel more comfortable. No gummy, soapy, pasty taste or feeling. It's alkaline (non-acid). Does not sour. Checks "plate odor" (denture breath). Get FASTER today at any drug counter.
